(b) If so, will Government be pleased to state the total number of

cattle mortality in the Barpeta subdivision?

*208. (a) Are Government aware that owing to the havoc caused by the rinderpest, many cultivators have been deprived of their plough cattle?

(b) If so, will Government be pleased to state whether Government have taken prompt and necessary steps to help the said cultivators by issue of Agricultural loans?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI replied:

207. (a)—Yes. (b)—1,753.

208. (a)—Mortality amongst plough bullocks has been reported to be

 $2\frac{1}{2}$ per cent. only.

(b)—Government have sanctioned Rs 15,000 for agricultural loans in Barpeta subdivision in connection with the recent floo l and the local officers must have considered the cases of the people concerned.

Srijut KAMESWAR DAS: May I know, Sir, what is the correct figure in answer to question No 207(b)

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: It is 1,753. Srijut KAMESWAR DAS: Is it a fact that the figures were collected

by the Land Records staff?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I am not sure, Sir, by whom the figures were collected. I have received the information from the Veterinary Superintendent.

Srijut KAMESWAR DAS: Will the Hon'ble Minister deny that the figures collected by the Land Records staff from 8 mauzas alone are as high

as 15,000?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I do not know, Sir. It may be different but I have to take the official statement as correct.

Srijut GHANASHYAM DAS: Do Government think that the figure

given in answer to question No. 207(b) is correct?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: The figure

has been supplied by a responsible official and I take that it is correct.

Srijut GHANASHYAM DAS: I say, Sir, that even the figure for 4 mauzas of the subdivision is greater than the figure supplied by the Government.

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: That is my

information, Sir.

Maulavi Syed ABDUR ROUF: On what date did 1,500 cattle die? The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I think the question refers to the recent outbreak and the figures have been collected with regard to the recent outbreak.

Maulavi Syed ABDUR ROUF: Are Government aware that during the flood, even after July 16th, there was a large number of deaths of cattle?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: The question does not refer to the period after the recent cattle mortality at Barpeta. The cattle mortality during the flood does not refer to the question, and so I require notice.

Srijut GHANASHYAM DAS: Will Government please state in what

part of the subdivision the agricultural loan has been issued?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: Throughout the subdivision.

Srijut GHANASHYAM DAS: In what part of the subdivision?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: For that I shall have to make an inquiry from the local officers.

Maulavi Syed ABDUR ROUF: Are Government prepared to admit

whether this sum of Rs. 15,000 is quite enough for the subdivision.

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: If the local officers make requisition for more money Government will consider that.

Srijut GHANASHYAM DAS: Did not Government advise the local officers that these loans should be issued to the immigrant cultivators only?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I am

not aware of that

Srijut KAMESWAR DAS: Is it not a fact that the figures of cattle mortality during the recent outbreak in the Bajali circle were collected by the Land Records staff and they were found to be as high as 15,000 in 8 mauzas alone?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: The figures laid before the House was based on information from the Superintendent of Veterinary Department,

Srijut KAMESWAR DAS: When were these figures collected?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: It must

have been collected just after the epidemic,

Srijut KAMESWAR DAS: Is it a fact that the opinion as to the correctness of the figures supplied by the Veterinary Department was taken from the Subdivisional Officer, Barpeta?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I am not

aware of that.

Maulavi Syed ABDUR ROUF: Is it a fact that the local officers have not taken into consideration the cattle mortality in giving the agricultural

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I take it that they must have taken into consideration everything, such as the amount of distress, mortality of cattle and so forth?

Srijut KAMESWAR DAS: Will Government please make a fresh enquiry in view of the fact that the figures supplied by the Veterinary De-

partment are challenged?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: If my hon. friend so desires I am prepared to make a fresh enquiry, but I do not think that any useful purpose will be served by that.

Restoration of Dr. H. K. Das's pension

Mr. FAKHRUDDIN ALI AHMED asked:

*209. Will Government be pleased to state-

(a) Whether Government have passed any order on the petition of Dr. Hari Krishna Das, retired Civil Surgeon, Gauhati, for restoration of his pension?

(b) Whether Dr. H. K. Das's pension has been restored? (c) From which date the said pension has been restored?

(d) The reason why the said pension has not been restored with

retrospective effect?

- (e) Whether it is a fact that the Hon'ble the Chief Minister had stated on the floor of the Assembly during the last Budget Session that his pension was not withheld because he had joined the Congress but because he had extolled the mur-
- (f) Whether Dr. Das has from the very beginning denied the said allegation and stated over and over again that he never extolled the murderers nor he could or would do as he was a staunch follower of Mahatma Gandhi and a firm believer
- in the non-violent creed of Satyagraha of the Congress? (g) Whether the pension has not been restored on the clear understanding by Government now that Dr. Das was not guilty of any other crime except of becoming a member of

the Indian National Congress? (h) Whether Government propose to revise their order and restore

the pension with retrospective effect? The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA replied:

209. (a)—Yes. (b)—Yes.

(c)—From 12th February 1938.

that he would discuss received from the pensioner, till that date, that he would dissociate himself from movements which aim at the subversion of Government established by law in British India.

A.L. Yes. 1876

(f)—Government were not able to accept the bare denial by Dr. Das in the face of the clear intention of his words and of his failure to give an undertaking for the future.

(g)—No. Government were concerned with Dr. Das's under-

taking for the future.

(h)—No.

Mr. FAKHRUDDIN ALI AHMED: Is it a fact that in the so-called undertaking, Dr. Das stated that he never extolled any act of violence?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: As I stated in this House before, that in a particular presidential speech, Dr. Das extolled the sacrifice of Rajguru, Bhagat Singh and Sukdev, who were implicated in murders and on that basisGovernment wanted an explanation from him why he extolled the murderers and his explanation not being satisfactory, Government suspended his pension.

Mr. FAKHRUDDIN ALI AHMED: Did not Dr. Das deny the allegation made against him and categorically stated that he never extolled

the murderers?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Yes, I have already admitted that he denied the allegation, but Government had the stenographer's report before them and also the speech published in a nationalist paper like the "Times of Assam".

Mr. FAKHRUDDIN ALI AHMED: Did not the Hon'ble Chief Minister during the last session stated before the House that if Dr. Das repudiated that statement, his case will be taken into consideration?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

Yes, I did.

Mr. FAKHRUDDIN ALI AHMED: If that view has been taken, what is standing in the way of the Government to restore his pension

with retrospective effect?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Government warned Dr. Das three times before his pension was suspended. Then it was stated on the floor of the House that if he made an application to Government repudiating that statement and that in future he would not take part in or incite others to violent activities, his case would be considered, but he refused to do so. Therefore, Government thought that he was still holding that opinion. Now that he has given an undertaking in last February that he never joined and cannot join in future in such activities on principle, Government passed order restoring his pension from February 1938.

Mr. FAKHRUDDIN ALI AHMED: Is it a fact that Dr. Das made this statement from the beginning?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

He refused to give an undertaking in December last.

Mr. FAKHRUDDIN ALI AHMED: Is it the sense that he has not

given any undertaking?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:
No; he has given a sort of undertaking now in the opinion of Government.

Mr. FAKHRUDDIN ALI AHMED: In view of the fact that he has been a staunch supporter of non-violence, do Government think that he ever took part in any violent activities?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Yes, he did not take part in any violent activities, but he extolled the sacrific es made by some murderers in a speech at Naduar Conference and in a way excited the public to follow their example.

Mr. FAKHRUDDIN ALI AHMED: If Government believe the statement made by Dr. Das, what is standing in their way to restore his

pension with retrospective effect?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Government gave Dr. Das sufficient opportunity to repudiate the statement and to give an assurance that in future he would not incite others to follow the lead of the murderers, but he refused to do so even in his last but one letter. It is only in last February that he has seen his way to give such an undertaking.

(Starred questions Nos. 210-211 standing in the name of Khan Sahib Maulavi Mudabbir Hussain Chaudhuri were not called and answered as

the questioner was absent.)

UNSTARRED QUESTIONS

(To which answers were laid on the table)

Babu KARUNA SINDHU ROY: Before going to the unstarred questions may I point out one thing regarding unstarred question 189?

The Hon'ble the SPEAKER: We are not yet at that.

member will raise the point when he shall reach that question.

Maulavi MABARAK ALI: Mr. Speaker, Sir, shall we have an answer to question 37? The Hon'ble Chief Minister gave us an assurance that he will give a reply after reading the certificates.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

No, Sir, I have not been able to get hold of the file as yet.

Re realisation of subscription by ticket system for Local Board dispensaries in the Sunamganj subdivision

Babu KARUNA SINDHU ROY asked:

94. Will Government please state—

(a) If there is a strong feeling in the district of Sylhet against the realisation of subscription of one anna by the ticket system for Local Board Dispensaries in the Sunamganj subdivision?

(b) Why this prescription system has been preferred to the monthly

subscription system in case of well-to-do persons?

(c) If the subscription of one anna is realised from each patient for

each of the diseases from which he suffers?

(d) If the introduction of the system keeps the doctors engaged for most part of a day in doing accountancy works?

(e) Whether after the introduction of the system, the number of indoor patients to dispensaries has been decreased?

The Hon'ble Rev. J. J. M. NICHOLS-ROY replied:

94. (a)—No. Government are not aware of any such feeling and do not see any reason why there should be such a feeling.

(b)—The question of preference does not arise. The monthly subscription system still exists. It is for the persons concerned to choose between the two. Well-to-do persons are at liberty to give monthly subscrip-

tion and get free supply of medicines.

(c)—A fee of one anna is charged under Local Self-Government Rule 155A from certain classes of persons seeking aid for the first time in respect of any particular complaint. Nothing is however charged for complications, if any, arising out of the complaint.

(d)—No.

(e)—No. On the contrary it has increased.

Babu KARUNA SINDHU ROY: With reference to (a) Do Government want to be aware of the strong feeling by means of demonstration as

has been done in regard to the Sylhet Tenancy (Amendment) Bill?

The Hon'ble Rev. J. J. M. NICHOLS-ROY: The reply is there: "No, Government are not aware of any such feeling and do not see any

reason why there should be such a feeling".

Babu KARUNA SINDHU ROY: Has the number of indoor patients decreased on account of the introduction of the one anna system?

NICHOLS-ROY: I have already The Hon'ble Rev. J. J. M. rep'ied to that question.

Maulavi ABDUR RAHMAN: Are Government aware that the intro-

duction of one anna system does not fetch much money?

The Hon'ble Rev. J. J. M. NICHOLS-ROY: That is a matter for

the dispensary committee to decide.

Babu KARUNA SINDHU ROY: Is it a fact, Sir, that sometimes patients are denied medicine in deserving cases if they do anna?

The Hon'ble Rev. J. J. M. NICHOLS-ROY: We have no informa.

tion, Sir, that the doctors do any such thing.

Babu KARUNA SINDHU ROY: My question No.94(c) was: Wil! Government please state—if the subscription of one anna is realised from each patient for each of the diseases from which he suffers? The answer Nothing is however charged for complications, if any, arising out of the complaint.

May I ask the Hon'ble Minister for Local Self-Government if a patient suffering from fever asks medicine for another disease, will he be charged two

annas for both the diseases?

NICHOLS-ROY: The practice that The Hon'ble Rev. J. J. Μ. Government is aware of, is that, if a patient goes to the dispensary and on consideration of his being an indigent person, pays one anna, he is not charged anything further.

Civil Disobedience Movement and cases of resignation, dismissal, discharge or suspension of officers in connection with it

Babu KARUNA SINDHU ROY asked:

95. Will Government please state—

(a) How may Government officers went out of office by resignation, dismissal, discharge or suspension in connection with activities arising out of the Civil Disobedience Movement?

(b) What are the names and designations of aforesaid officers?

(c) Whether they applied for re-instatement under the Gandhi-Irwin agreement?

(d) If they have been re-instated?

(e) If not, what are the facts on account of which they are not reinstated?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA replied:

95.—These questions are practically the same as those asked by the late Rai Bahadur Nagendra Nath Chaudhury in the Budget Session of 1932, the proceedings of which were published in the Assam Gazette of the 13th April 1932. The replies are—

(a)—One Police Constable was dismissed after conviction by a

Criminal Court. One additional Mandal resigned.

(b)—Government are not prepared to give names.

(c)—The case of the constable does not fall within the scope of the agreement. The Mandal did not apply for re-instatement.

(d)—No.

(e)—The reasons are given in the reply to (c).

Babu KARUNA SINDHU ROY: Will Government please state why Babu Jatish Chandra Das, a lecturer of the Murarichand College was not reinstated though he applied for re-instatement?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

Does this question arise Sir?

The Hon'ble the SPEAKER: No, I do not think it arises. The question is in general terms. If the hon, member had any particular case in mind, the hon. member ought to have put a substantive question.

Srijut BELIRAM DAS: With regard to (b) it is stated in the reply that Government are not prepared to give names. May I ask what pre-

vents the Hon'ble Minister from giving names of these gentlemen?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

The question was:-

(a) How many Government officers went out of office by resignation, dismissal, discharge or suspension in connection with activities arising out of the Civil Disobedience movement?

(b) What are the names and designations of aforesaid officers'? We have given sufficient indication that one Police Constable and one additional Mandal resigned. I do not think, not disclosing any name, has in any way detracted me from my answer.

Police, Sylhet, on 16th September 1937.

114.—Yes. An enquiry was made by an Inspector of Police on 24th September 1937 and 25th November 1937, but he found that the simple fact that the house had been searched at dawn for an absconder had been distorted to suggest ill-treatment. The petition was filed by the Superintendent of Police, Sylhet.

^{*}Further supplementary questions with regard to unstarred question No.108 were put jointly with the supplementary questions under unstarred question No.118.

Srijut BELIRAM DAS: It has been replied that an enquiry was made by the Inspector of Police. Do Government recognise case where the accusation is made against a Police Officer the enquiry should not have been entirely left to the man of the same department? Should it not have been left to a Committee consisting of officials together? Do Government deny this?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: No, Sir, I do not admit that. The allegations were against an Assistant Sub-Inspector and the enquiry was made by an Inspector. Government have no reason to believe that the Inspector will side with his own subordinate.

ROY: Is it a fact that the Divisional Inspector, on the 24th September went away saying that he would return again and take evidence of the defence; but he did not return though reminded by a letter.....

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:
The question is very lengthy. Will the hon, member please split it up? Babu KARUNA SINDHU ROY: Did the Divisional Inspector hold

an enquiry on the 24th September?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: It is already in the reply that the Divisional Inspector made an enquiry on the 24th September.

116. Is it a fact that country liquor is very cheap at the above

place?

117. Will Government be pleased to state what action they propose to take to put effective control of such rowdyism and drunkenness at the above place?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA

replied:

115.—The hon, member presumably refers to a fight between some Nepalis on 15th February 1937. There has been no conviction of the As the result of the fight one man died, but the conviction of the supposed assailant was for supposed assailant was for causing grievous hurt. It was reported that the two men who were found to the two men who were foun the two men who were found injured in this affair smelt of drink, but there was no other evidence. there was no other evidence on the point of drunkenness.

116.—It is reported that liquor was cheap there at the time.

117.—The Excise Department had already detected several cases of illicit manufacture of liquor, and the conviction is believed to have produced a sobering affect. duced a sobering effect on the local population. An Excise officer has been instructed to pay sometimes and check abuses

Babu KARUNA SINDHU ROY asked: 118. Do Government propose to reappoint Babu Radhabinode Bhattacharya of Digli, P. O. Gobinganj, subdivision Sunamganj, who was convicted for defalcation, as a primary school teacher?

The Hon'ble Rev. J. J. M. NICHOLS-ROY replied:

118.—Appointment to the post of a Primary School teacher in Local Board Primary schools rests with the Local Board concerned.

Babu KARUNA SINDHU ROY: Can this gentleman be taken in, as a jail teacher in any of the jails in Assam as he was a jail teacher when he was in jail?

The Hon'ble Rev. J. J. M. NICHOLS-ROY: I cannot say. It all

depends on the authorities.

Maulavi ABDUR RAHMAN: I rise on a point of order Sir. I want to know something about the question 108. The question 108 is "Is it a fact that it has become almost impossible for the villagers of Binajura and Lalpur under Pol ce Station Dharampassa to continue to remain in their villages for want of sufficient lands for cultivation, pasture lands for and for other inconveniences?"

The Hon'ble the SPEAKER: Then what is the objection of

hon, member with regard to question 108?

Maulavi ABDUR RAHMAN: Sir, so far as my knowledge goes, Government does not maintain any such record to show that certain gers are landless and ce: tain villagers are in possession of sufficient lands. Question 118 says that certain teacher was removed from the service of a Board and whether Government propose to reappoint him. I want to say Sir, that it is absolutely the business of the Local Board Chairman and this particular question should not come here. My point is, Sir, that when the Hon'ble Speaker does not prohibit us from putting such question, think, the valuable time of the House will be wasted.

The Hon'ble the SPEAKER: What the hon, members objection is,

I can't understand.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: His objection is that the matter appertains to Local Board.

Maulavi ABDUR RAHMAN: These are minor things and it should

not come to this Hon. House.

Mr. ARUN KUMAR CHANDA: Since these questions have been admitted by the Hon'ble Speaker, is it not questioning the authority of the Chair?

The Hon'ble the SPEAKER: No. Certainly not.

Maulavi ABDUR RAHMAN: These are matters concerning the Local Board and I do not understand why the Hon'ble Speaker allows

The Hon'ble the SPEAKER: Now with regard to the objection raised by the hon, members sent some questions relations relations relations relations relations relations relations relations. Some hon, members sent some questions relating to the adminispoint. Some Zemindars whose estates were not under the management of Court of Wards and I remember that I wrote to them refusing their questions and saying that these were not questions about which Government could be asked to answer on the ground that they related to the internal administration of private estates. Now the question 108 is "Is it a fact that it has become almost impossible for the villagers of Binajura and Lalpur under Police Station Dharampassa to continue to remain in their villages for want of sufficient lands for cultivation, pasture lands for cattle and for other want of sufficient lands for cutter inconveniences?" It does not show that the question has any reference to any act of administration of Zemindars. Now Government have got certainly a duty to inquire whether certain class of people have got certainly a duty to inquite which aspect of the matter the question was admitted.

Then with regard to question 118, the point that has been raised by the hon, member is also a pertinent question. I remember to have told the hon, members that such questions which really relate to internal administration of Local Bodies should not be tabled; but as the members are not as yet fully accustomed with the Parliamentary practices, I thought that I should not exercise my discretion in disallowing the question. In course of time the hon, members will themselves realise as the hon. Maulavi Abdur Rahman has realised now. If the proceedings of the House be consulted then, I think, an hon, member could find that in the past, such questions relating to the internal administration of the Municipality or Local Board were put. I am, however, hoping for the day when the hon, members will realise that the questions relating to internal administration of the Local Boards or Municipalities should not be asked.

126.—Government recognise that there is scope for many more Boards in the Province. But this depends on the success of the existing two Boards which have only been working for a few months. The cost of such Boards is also not inconsiderable.

127.—No.

128. (a)—As the North Sylhet Debt Conciliation Board has been established for the Sadar subdivision, its jurisdiction therefore extends to the whole area of that subdivision only.

150. (a) Is it a fact that movements of some workers including myself were keenly watched by Police officials in charge of Chhatak Police Station on 27th and 28th April, 1938, when we were there in connection with the formation of the Primary Congress Committees?

(b) If so, why?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA replied:

149.—Government have issued no such direction.

150. (a)—No.

(b)—Does not arise.

154. Will Government be pleased to state who is responsible for the

loss thus suffered by parties concerned? 155. Do Government propose to make a special arrangement for representation of these time-barred documents?

The Hon'ble Babu AKSHAY KUMAR DAS replied:

Re the breach in the earthen bund (Kolkolia) under the Police Station, Derai

Babu KARUNA SINDHU ROY asked:

156. Will Government please state if the buro lands in the Kaliaguta haor are often damaged by early flood, breaking through an earthen bund (Kolkolia) situated under the Police Station, Derai, near the village Balanpur in the subdivision of Sunamganj?

157. Are Government aware that when the bund is broken, damage is done to 2,500 hals of buro land, possessed by villagers of 35 villages on all

sides of the haor?

158. Is it a fact that the earthen bund is constructed annually by the

villagers and is also cut through annually at the time of ploughing?

159. Are Government aware that in order to avoid incurring of recurring expenditure, the villagers are contemplating to have a pucca bund with gates to be opened and shut whenever necessary ?

160. Do Government know that such a scheme is very expensive and also requires engineering skill and that undertaking of such a scheme by the

villagers is a very difficult task?

161. Do Government propose to enquire and try to help the villagers

by lending engineering advice and providing funds?

162. Do Government propose to enquire and take necessary steps about the construction of similar bunds in the Sunamganj subdivision, specially of Abua bund near village Pirojpur under the Police Station Sunamganj; of Kalnirchar and Radhanagar bunds under the Police Station Jagannathpur; of Gaglakhali and Ratla bunds and other bunds to save Dhankunia, Panagana and Sarda haors under Police Station Dharampassa from early floods?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA

replied:

156.—It transpires on local enquiry that as long as the bund exists there is no damage to the buro crops even in case of early floods, only in rare cases of exceptionally early floods the earthen bund may be broken and consequently the buro crop may be damaged.

KARUNA SINDHU ROY: Do Government know that had the water level been raised by few inches more this bund would have been

broken in March last?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: This is a hypothetical question, Sir.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA

replied:

157.—In the absence of the earthen bund, it is likely that the buro crops of the Kaliaghuta haor may be more or less affected by early floods. There are about 2,500 hals of buro lands in the haor belonging to about 35 villages on all its sides.

158.—The bund is constructed annually and again cut through for

drainage of the haor.

159.—It is learnt on enquiry that the villagers are contemplating the construction of a sluice gate across the khal Kalkalia near village Balampur to be paid for by local subscription.

160.—Yes.
161.—Government have enquired, but were informed that the landlords concerned were prepared to contribute only 1/6th of the probable cost of such a scheme, half in cash and half in kind. Government consider such contribution by parties who will benefit most is not equitable and are unable to proceed further in the matter on such terms.

Babu KARUNA SINDHU ROY: Will the Government be pleased to take up the construction of the bund if the people of the locality undertake

to pay one-fourth of the cost?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: It will be difficult for me to reply to this question off hand here, without taking every factor into consideration. If my hon, friend will write to me I will then consider the matter.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA

replied:

162.—Not at present.

Re issue of agricultural loans to the villagers under the Police Station, Dharampassa and distribution of doles by the Sunamganj Flood Relief Committee

Babu KARUNA SINDHU ROY asked:

163. Are Government aware that four big haors were submerged under water as early as in March last with green paddy plants under Police Station, Dharampassa, in the Sunamganj subdivision?

164. (a) Is it a fact that most of the agriculturists residing in villages adjoining to these haors will have very scanty agricultural products this

year ?

(b) If so, will Government please either arrange loan for them or issue agricultural loan?

165. Is it a fact that some villages required relief just after the washing

away of their paddy fields?

166. (a) Is it a fact that the Sunamganj Flood Relief Committee had to distribute doles amongst the people of Ulukani and Jatindrapur?

(b) Is it a fact that many representations and reports were sent to

Government for sending relief to the aforesaid villagers?

(c) If so, were any doles distributed by Government to the people of Ulukani and Jatindrapur?

167. Do Government propose to prevent the re-occurrence of such early flood by erecting bunds with sluice gates?

The Hon'ble Srijut ROHINI KUMAR CHAUDHURI replied: 163-165.—It has been reported to Government after local enquiry that out of 1,00,000 hals of land in which buro crop is grown in the Dharampassa Police Station, only 1,000 hals have been more or less damaged. These low-lying and there has been These low-lying areas go under water almost every year and there has been nothing unusual alies go under water almost every year and there areas of the nothing unusual this year. The Hon'ble Srijut ROHINI KUMAR CHAUDHURI*: The question has been fully replied, Sir. I do not think I can add

Babu KARUNA SINDHU ROY: Do Government know that the villages Ulukani and Jatindrapur are in acute distress even now?

Srijut ROHINI KUMAR CHAUDHURI*: I do The Hon'ble

The Hon'ble Srijut ROHINI KUMAR CHAUDHURI replied:

166. (a)—The Relief Committee passed resolution to carry out relief operations but from their report it is not clear whether any dole was actually distributed by the Committee.

(b) & (c)—A report was received from the hon. member and an M. L. C. of the locality in March last. Local officers are of the

opinion that no relief is necessary.

167.—It cannot be accepted as a definite solution that the erection of bund will prevent further floods. Assam Government have not an expert who can give such an assurance before public revenues can be spent. Subdivisional Officer proposes to visit Ratla Khal for an examination of the question regarding the necessity for the construction of a permanent bund as a measure for the protection of crops.

(b) and (c)—The increase in the number of Sub-Inspectors by one was due to the number of schools being too many to be efficiently inspected by the then existing staff.

Settlement of Ganja Golas in the various districts of the Province

Babu KARUNA SINDHU ROY asked:

182. Will Government be pleased to state the rules regarding the settlement of Ganja Golas in the various districts and subdivisions of the province? 183. Will Government be pleased to state-

(a) Why the Ganja Golas are settled annually and with same persons from year to year?

(b) Whether these settlements are duly advertised, as in the case of excise and opium shops?

(c) If not, what are the reasons underlying this departure from the ordinary rules of settlements of excise shops?

184. Will Government be pleased to state why Ganja Golas are not settled with unemployed and educated young men of substance?

185. Do Government propose to frame a set of rules governing the settlement of Ganja Golas in the province ?

The Hon'ble Maulavi MUNAWWAR ALI replied:

182.—The hon, member's attention is invited to Rule 106 at page 91 of the Assam Excise Manual, a copy of which is available in the Assembly

183. (a)—The reply to the first part is that a license remains in force up to end of the year in which it is issued. So far as the second part of the question is question is concerned the reason is that a Goladar is concerned with wholesale supply and have supply and has certain responsibilities attached to such a supply. applications are made for renewal of the licenses and when the management has been found to change has been found to be satisfactory, it is not considered desirable to change the Goladars and the satisfactory, it is not considered desirable to change the Goladars and disturb the arrangement for wholesale supplies

(b)—Yes, when there is a vacancy due to change of old Goladar. (c)—Because these Golas are not Excise Shops. They are ware-

houses from which wholesale supplies are made to excise shop keepers.

184.—There is a holesale supplies are made to excise shop keepers. 184.—There is no bar to such settlement provided suitable candidates are available whenever any vacancy occurs.

The difficulty of mail runners due to the bad condition of the road between Sachna to Tahirpur

Babu KARUNA SINDHU ROY asked:

186. (a) Are Government aware that Mail runners daily run from

Sachna to Tahirpur in the subdivision of Sunamganj? (b) Are Government aware that the road from Sachna to Tahirpur that the ruppers and water is so bad that the runners have to travel through jungles, mud and water almost throughout the whole of the dry season?

187. Do Government propose to take steps to construct a cold weather track from Sachna to Tahirpur via Beheli?

The Hon'hle Maulavi Saiyid Sir MUHAMMAD replied: SAADULLA

(b)—The mail runners' path runs through jungle, where there will unavoidably be mud and water at places when it is raining.

During monsoons the runners travel by boats sanctioned by the postal department.

Babu KARUNA SINDHUROY: Have Government referred this matter to the Postal Department, as, I understand, the runners always send their petitions for redress to the Post Office?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: No. Sir, Government has not referred the matter to the Postal Department.

Babu KARUNA SINDHU ROY: Will Government refer it to the Postal Department?

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: The Postal Department is a Central Government Department, and we have no connection with it.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA replied: 187.—No.

Transfer of Debendra Nath Dutta and Rathindra Nath Sen, Civil Disobedience prisoners to Kohima Jail

Babu KARUNA SINDHU ROY asked:

138. Will Government please state why Debendra Nath Dutta and Rathindra Nath Sen, two Civil Disobedience prisoners were sent to Kohima Jail from Sylhet Jail in 1932 and why were they again transferred to Gauhati Jail after some months?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI replied:

188. These two prisoners were transferred from Sylhet Jail to Kohima Jail for disciplinary reasons. They were subsequently transferred to Gauhati Jail because accommodation was available there.

Babu Bijoy Madhab Chaudhury, whether he is a congress member of the Sunamganj Local Board

Babu KARUNA SINDHU ROY asked:

189. Is it a fact that Babu Bijoy Madhab Chaudhury is a congress member of the Sunamganj Local Board?

The Hon'ble Rev. J. J. M. NICHOLS-ROY replied:

189 —He is reported to be so.

Babu KARUNA SINDHU ROY*: Sir, this question has been misplaced here. My original question has been split up in two parts; one part has gone under question No. 433.

The Hon'ble the SPEAKER: How this question relates to question

No. 433? Will the hon. member please explain?

Babu KARUNA SINDHU ROY*: Sir, I read my original question.

"(a) Has the attention of Government been drawn to the correspondence published in the Janasakti dated the 15th June 1938, under the heading

^{* :} peech not corrected.

" সাক্ষার ব'র বরদারী " (b) If so, has any enquiry been made by Government? (c) Is it a fact that Babu Bijoy Madhab Chaudhury is a Congress member of the Sunamganj Local Board?"

Babu Bijoy Madhab Chaudhury complains through Janasakti that he was no given any travelling expense incurred by him in coming from Jagannathpur to Sunamganj, for giving evidence before the Court of an Extra Assistant Commissioner, Sunamganj. He sent a report to the Janasakti and I wanted to draw the attention of Government to this fact.

The Hon'ble the SPEAKER: Surely, I understand the point of the hon. member now. But the mistake arose perhaps from the fact that in his main question the name of this gentleman did not appear. The hon. member put his question only by referring to the publication in Janasakti, but he ought to have pointed out also that that publication was a publication from Babu Bijay Madhab Chaudhury, as complainant in that case. Perhaps it was not noticed by the Assembly Department that this question was connected with question No. 433, and it was consequently detached from that question. There is the further fact that his question 189 was meant to elicit the 'act whether Babu Bijoy Madhab Chaudhury is a Congress member of the Sunamganj Local Board. So this question appears to relate to the portfolio of the Hon'ble Minister for Local Self-Government and it was therefore dealt with by him, whereas question No. 433 is a question which relates to a matter which is in the portfolio of the Hon'ble Minister for Judical who has replied to this question. So if he wants, he may get his answer with regard to that question now and he may raise that point again when that question comes up.

Re Legislation on breaches of privileges by the Press

Maulavi MUHAMMAD AMJAD ALI: Mr. Speaker, Sir, I wish to put in a word about the statement for the consideration of the House with regard to the proposed legislation which you suggested on Saturday last for checking criticisms in the Press against the members of this House.

The Hon'ble the SPEAKER: Not for that only.

Maulavi MUHAMMAD AMJAD ALI: So far as Assam is concerned it is considered as a backward province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province, and I think the criticisms of the public voiced through the Province thr public voiced through the Press of the province, even if not always fair, may be helpful to us in forming correct judgments on men and things. It is easy for us to provide the province, even in and things. It is easy for us to pass a legislation penalising a newspaper heavily for anything that it may write against us between the remedy for correcting anything that it may write against us, but that is no remedy for correcting abuses. The present less against us, but that is no remedy for correcting against abuses. The present law offers sufficient scope for taking action against any offending newspaper any offending newspaper. It will be considered a brave thing to challenge openly a newspaper in a law legislation for openly a newspaper in a law court. But if we pass a special legislation for this purpose, the people will the law to the this purpose, the people will think that we are taking unfair advantage of our position as members of think that we are taking unfair advantage of our position as members of the Legislature by passing a legislation which seeks to discriminate against the ordinary citizens of the land. In any case, the electorates, who are our masters, are likely to misconstrue any action which we may take without consulting them and behind their backs. may construe it as an act of autocracy, and eventually such action on our part may recoil on our heads to our great disadvantage. Sir, I am a believer in "fair field and no favour", and I am against any form of discriminatory legislation which aims at gagging the Press of the country. To protect our privileges we should not take away the privileges of the Press which performs

a very useful purpose in society, even though it may go wrong in our individual judgment occasionally. "To err is human, to forgive is divine", and who knows, Sir, that we, as members of the House, may not occasionally be liable to error? I consider it also unfair, Sir, to pass remarks on the representatives of the Press on the floor of this House where they are not in a position to reply to them. Furthermore, Sir, I think that we should not waste our precious time in criticising what one paper or another may write either for or against us. The proper place of action, I repeat, where we may go to is a law court, in case there is any instance of impropriety.

The Hon'ble the SPEAKER: The matter on which the hon. member has just spoken ended the other day, and the hon. member could have made the statement on that day. But, as the statement refers to a matter which was placed before the House by myself, I have allowed him to make this statement now. I am in agreement with much of what the hon. member has said, but my grievance is that the hon. member did not follow the trend of the statement which I made. It was not my intention to undertake legislation for the purpose of taking steps against offending newspapers. My point was that if any breach of any of the privileges of the House be committed, whether by any newspaper or by any person, the House should have a remedy prescribed by a legislation against such a breach.

Now, with regard to giving the Press an opportunity of discussing matters, I think, it is the bounden duty of everybody to allow the Press every facility for doing so, and I yield to none in my appreciation of the good work that is done by the newspapers, but my point is that we should have only fair criticisms from newspapers, which cannot be said to transgress the bounds of propriety. If they really make proper criticism, nobody will be more glad than I am, and I shall always deem it my duty to profit myself by the writings of the newspaper containing fair and proper criticisms, but I wanted to stress the point that if they exceed the bounds of propriety, then certainly the House should take steps to prevent it. My object was to protect the privileges of the House as far as practicable, and I drew the attention of the members of the House to the various ways in which the privileges of the House are not properly respected and how breaches of the privileges are committed. I did not also ask the House to undertake legislation at once, and hon. I members will find from my statement that it was far from my mind to urge upon the House to undertake legislation I said that there was talk of such legislation in some immediately. provinces. I did very clearly state that if legislation on an all-India basis is undertaken in any province, I shall call upon the House to undertake it also. A legislation when it is passed is not necessarily a legislation which is intended to repress fair and proper criticism. Now, the hon. members will realise that what I said was not at all against any newspaper or News Agency which may undertake to criticise the action of the House or of the Chair. Khan Bahadur Maulavi KERAMAT ALI: If the criticism is fair.

The Hon'ble the SPEAKER: Yes, if it is fair there can possibly be no objection to that. That was my point. And if such a legislation is thought necessary, it will be the duty of the Privileges Committee, if a Privileges Committee comes into existence, to consider such legislation and then place it before the House. That is the ultimate point I stressed.

Then I come to the next item of business,

Motions of no-confidence against the Ministry—Leave of the House

Mr. ARUN KUMAR CHANDA: Mr. Speaker, Sir, before the commencement of the sitting of the House to-day, I left with the Secretary a written notice of a motion which I propose to make. May I ask for leave, Sir?

The Hon'ble the SPEAKER: Yes, the hon. member is to ask for leave of the House.

Mr. ARUN KUMAR CHANDA: May I ask for leave of the House,

The Hon'ble the SPEAKER: Yes.

Mr. ARUN KUMAR CHANDA: The motion that stands in my name is: "that this House has no confidence in the present Council of Ministers."

I do not think I need make a speech on this occasion. I just place this motion before the House for discussion.

The Hon'ble the SPEAKER: Has the hon, member got the leave of the House move?

Then more than 35 members rose from their seats.

The Hon'ble the SPEAKER: The Hon'ble Mr. Chanda has the leave of the House to make the motion.

Srijut RABI CHANDRA KACHARI: I also gave notice of a similar motion which runs as follows—

"That the present Ministry of Assam does not enjoy the confidence of this House".

I beg to move it.

Then more than 35 members again rose from their seats.

The Hon'ble the SPFAKER: The hon. member Srijut Rabi Chandra Kachari has the leave of the House to move the motion.

Babu LALIT MOHAN KAR: I also beg leave to move:—
"That the present Ministry of Assam does not enjoy the confidence of this House."

Then more than 35 members again rose from their seats.

The Hon'ble the SPEAKER: The hon. member has the leave of the House to make his motion.

Maulavi MABARAK ALI: I beg leave of the House to move:—
"That the present Ministry of Assam does not enjoy the confidence of
this House."

Then more than 35 members again rose from their seats.

The Hon'ble the SPEAKER: The hon, member has the leave of the House to make the motion.

The Hon'ble the SPEAKER: Then I am to fix a day for the discus-

sion of this question.

Rai Bahadur PROMODE CHNANDRA DUTT: With regard to this, Sir, may I say a word? I submit, Sir, that motions of this kind should be disposed of as quickly as possible. I would remind this House of what took p'ace in another province very recently when a motion of this kind was tabled against the Ministry there. I was myself there at the time and as many as 100 Members of the Assembly there had to take shelter in the Assembly in order to avoid being way-laid and prevented from coming to the Assembly the next day. The effect of giving time may be that there may be a feverish hunt after the hon, members and the night will be converted into day. Members might be hunted and harassed and out of sheer helplessness give in.

At the same time the rule says, I refer to page 21, Rule 85 (2), ".....the Speaker shall intimate that leave is granted and that the motion will be taken on such day, not being more than ten days from the day on which leave is asked". The restriction under that rule is that the day fixed should not be beyond ten days provided under that rule, but it should be within ten days. And what time you should allow is a matter left to your discretion. I submit that the ten days allowed is only for the purpose of giving you a margin of time to enable you to decide and fix a date having regard to the state of business. In that view of the matter, I submit, Sir, that this

motion should be taken up to-day.

The Hon'ble the SPEAKER: To-day?

Rai Bahadur PROMODE CHANDRA DUTT: Yes, that is my submission.

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI*: With regard to what has been stated by the hon. member Rai Bahadur Promode Chandra Dutt, may I say a word, Sir? The Rai Bahadur states that the motion should be taken up as quickly as possible. I think, Sir, the real spirit of the rule will be against that suggestion. In the rule it has been provided that at least ten days

The Hon'ble the SPEAKER: Not at least ten days.

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: I am sorry "on such day, not being more than ten days". That shows that sufficient margin should be allowed between the time that leave is granted and the date on which it is taken up.

The hon, member Rai Bahadur Promode Chandra Dutt has referred to the incidents reported to have taken place in the neighbouring province There six days were allowed after the motion was moved. I

hope, Sir, that in fixing the date here you will also allow sufficient margin.

The Hon'ble the SPEAKER: What is the necessity for that margin,

why should the margin be allowed?

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: The whole

intention of the rule is that it should not be sprung up as a surprise.

Mr. F. W. HOCKENHULL*: A notice stands in my name with regard to the rule that the hon. Member Rai Bahadur has quoted. And the amendment I have proposed is that at least one day......

Rai Bahadur PROMODE CHANDRA DUTT: Twenty-four hours. Mr. F. W. HOCKENHULL: Yes, 24 hours, that is one day—that is a reasonable time to be allowed. This will be a reasonable time so far as any no-confidence motion is concerned and it will give all parties and the Ministers an opportunity of reviewing the situation. I hope, you will bear that in mind, Sir.

^{*}Speech not corrected.

The Hon'ble the SPEAKER: With regard to the question of fixing a date for such a motion to be taken up, all that the rule says is that the motion will be taken on such date, not being more than ten days, from the day on which leave is asked. As I understand the rule, the spirit of the rule is that such a motion when tabled in the course of a session, time should be found out any how to discuss it and that the Speaker should find a day having regard to the state of business of the House, but that he cannot post-Speaker to restrict to any length of time. For tabling a no-confidence motion the rules do not prescribe any period of time within which notice of such a motion should be sent. On any day such a motion can be sprung upon the House as a surprise. But it will be a question for the Speaker to decide when the motion should be discussed by the House and what would be the convenient day for disposing of that motion, having regard to the state of business pending before the House.

There are no materials before me to think that what happened in Bengal in connection with similar motions before the Bengal Legislative Assembly would also happen here. But such motions do undoubtedly create tension of feeling, and I do not know to what such tension of feeling may lead in course of time if the disposal of this motion be sufficiently delayed, and I am entitled to take note of what really happened in Bengal, at least from the

columns of the newspapers.

The Hon'ble Maulavi ABDUL MATIN CHAUDHURI: Nothing happened there.

The Hon'ble the SPEAKER: But we find numerous allegations in

Rai Bahadur PROMODE CHANDRA DUTT: I was in Calcutta at that time and I know the facts.

The Hon'ble the SPEAKER: We have to go by the allegations that

appeared in the columns of the papers from day to day. Hon'ble members will realise that the volume of business pending before the House is very great and we have to finish the whole business as far as There was also a no-confidence motion during the last session and on account of the fact that no day could be found during the days fixed up for Government business I had to fix the very date as the day on which the motion should be taken up. But in this case I think that I must not take up this motion. up this motion to-day. And having regard to the fact that such a motion creates tension of the little and having regard to the fact that such a motion be disposed of as feeling, I agree with the hon. Rai Bahadur that it should be disposed of as quickly as possible. Taking into consideration the state of business, I fix to-morrow as the day. I think that would be quite sufficient. Is there any objection the day. cient. Is there any objection to that?

No objection was raised by any member) The Hon'ble the SPEAKER: For such a motion there should be a dress debate with the SPEAKER: For such a motion there should be a full-dress debate which would give sufficient scope for discussion of all aspects of the question if I fix 12 noon as the aspects of the question. Would give sufficient scope for the question. Will there be any objection if I fix 12 noon as the time? That will give. time? That will give us 3 hours time. Two hours may not be sufficient for a full-dress debate us 3 hours time. Two hours may not be sufficient for a full-dress debate. In adjournment motions we get 2½ hours, but this is a more important motion than an adjournment motion.

Manilavi ARDITE Than an adjournment motion.

Maulavi ABDUL BARI CHAUDHURY*: I would suggest 2 p.m.,

The Hon'ble the SPEAKER: I have no objection. But it must be osed of the very same death. I shall fix 2 p.m. disposed of the very same day. That is my intention. I shall fix 2 p.m.

The Hon'ble the SPEAKER: The Secretary will read out a message from the Assam Legislative Council regarding a Bill of the Assembly which has been passed by the Council, namely the Assam Provincial Legislature (Removal of Disqualifications) Bill, 1937.

Mr. A. K. BARUA (Secretary): Sir, the following message has been

sent by the Secretary, Assam Legislative Council:-

In the schedule to the Bill the following were added as items 5 and 6—

CONSIDERATION OF DRAFT ASSEMBLY RULES

The Hon'ble the SPEAKER: Now we will deal with rule 23B of Babu E The amendment to sub-rule (5) of Rule 23B of Babu Karuna sindhu Roy was accepted. But the acceptance of that motion would require Sindhu Roy was accepted. But the acceptance of the rules. I draw the attention of would require attention of Where the attention of where the attention of the rules. I draw the attention of the rules attention at the rules at the rules attention at the rules at some consequential changes in some of the some consequential changes in some c the hon, members to sub-rule (0) of real least the hon, member whose amendment was accepted? It is up to him to table

Srijut MAHI CHANDRA BORA: In view of the amendment made to sub-rule (5) of Rule 23B, I think, these words should be deleted from rule 24: "on any starred question" or "short notice question".

The Hon'ble the SPEAKER: Now by deleting these words the object would not be achieved. But I suggest that after sub-rule (6) of

Rule 23B something should be added and that would be like this:-

"(6) (a). In the case of 'unstarred questions', as soon as the serial number of each question is called out by the Speaker, any member intending to put a supplementary question shall forthwith stand up and put his supplementary question".

So, keeping the sub-rule as it is we may add this and that will remove

the difficulty.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

Is it necessary to have rule (6) (a)?

The Hon'ble the SPEAKER: Unless there is any provision as to

how unstarred questions should be announced, difficulty may arise.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Because in sub-rule (3) we find "Starred questions shall be answered orally and the answers to unstarred questions shall be printed or typed along with the questions". After that if we have only sub-rule (6)—"At question time, the Speaker shall, in the case of a starred question which is to be answered orally, specify the serial number of the question and forthwith call upon the Minister in charge to reply and thereafter make a sufficient pause to allow the members a reasonable oppo-tunity to ask any supplementary questions". So there is no need of sub-rule (6) (a) at all.

The Hon'ble the SPEAKER: These sub-rules refer only to

starred questions. There is no provision for unstarred questions as to the manner in which to put the supplementary questions. In the case of starred questions the Minister will read the reply and forthwith supplementary

questions would follow.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA:

That has been specified in sub-rule (3).

The Hon'ble the SPEAKER: But it does not say that the answers need not be read out.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Very well, then sub-rule(6) (a) may be added.

Srijut MAHI CHANDRA BORA: Sir, I beg to move that the follow-

ing be added as sub-rule (6) (a) to rule 23B.

"(6) (a). In the case of 'unstarred questions', as soon as the serial question is called a sub-rule (6) (a) to rule 23B. number of each question is called out by the Speaker, any member intending to put a supplementary question shall forthwith stand up and put his supplementary question."

The Hon'ble the SPEAKER: The motion moved is that after sub-

rule (6) to rule 23B the following be added as sub-rule (6) (a): each question is called out by the Speaker, any member intending to put a supplementary question shall forthwith stand up and put his supplementary

The motion was agreed to.

Rule 24

The Hon'ble the SPEAKER: Then in Rule 24, there is necessity other consequential change. Then in Rule 24, there is necessity for another consequential change. If we only omit "on any starred question then the served, because for another question, then the purpose would be served, because or snort questions are allowed on unstarred questions also.

Srijut MAHI CHANDRA BORA: I beg to move that the words on any starred question or short notice question 'in Rule 24, be omitted.

The Hon'ble the SPEAKER: The amendment moved is:

That in Rule 24, the words "en any starred question or short notice question" be omitted.

Babu KAMINI KUMAR SEN: I think 'short notice question' may

remain.

Mr. F. W. HOCKENHULL: There are supplementary questions to short notice questions.

Babu KAMINI KUMAR SEN: So the words should remain.

The Hon'ble the SPEAKER: The Speaker has the right to disallow

a supplementary question.

Mr. F. W. HOCKENHULL: So, Sir, that power should be in the hands of the Speaker in relation to every question. So these words should be deleted.

The Hon'ble the SPEAKER: The question is that in rule 24, the

words 'on any starred question or short notice question' be deleted.

The amendment was carried.

Rule 27

Babu KAMINI KUMAR SEN: I beg, Sir, to move that the following sub-rules be added to rule 27:—

"(7) It shall not be a request for action;

(8) It shall be precisely and definitely expressed;

(9) It shall be asked with the object of eliciting information pure and simple ".

I think these are necessary restrictions and I need hardly say anything.

The Hon'ble the SPEAKER: The amendment moved is:

That the following sub-rules be added to Rule 27:—

"(7) It shall not be a request for action;

(8) It shall be precisely and definitely expressed;

(9) It shall be asked with the object of eliciting information pure and simple".

Srijut GAURI KANTA TALUKDAR: Mr. Speaker, Sir, I beg to oppose this amendment mainly on the ground that the privileges of the hon. members should be enlarged as far as possible instead of being curtailed. Now, Sir, from our past experience we find that there is very little scope for our moving resolutions in respect of very many important matters which we may have in our contemplation for want of time. Now, Sir, if questions also are to be disallowed on the ground that they are in the shape of request for action, that will go to deprive us of the opportunity of questioning the Government and ascertaining its mind in respect of very important matters of public interest. So I believe we must be given some scope of asking questions by which we can even request the Government for action.

As regards clause (8) that requires questions to be precisely and definitely expressed, we can have no objection, Sir, to that amending clause being added, though, possibly, there is little or no necessity for making this addi-

tion in face of the already existing provision to Rule 27.

My objections to clause (9) which wants to provide that questions must be asked only with the object of eliciting information pure and simple, I have already said my say. It will go, as I have said to narrow the legitimate scope of our questions.

In this connection, Sir, I may be permitted to refer to this Hon'ble House to the fact that such limitations to questions have not been made in many of the Indian Provincial Legislatures. We find that in Madras, Bihar as well as in the Central Provinces no such limitations have been made in respect of questions. I have not with me Rules of other provincial Legislatures.

The Hon'ble the SPEAKER: You are referring to the Rules framed

by the Governor.

Srijut GAURI KANTA TALUKDAR: I have got the rules that have been supplied to me. I think they are the Governors' Rules.

The Hon'ble the SPEAKER: So these are rules all framed by the

Governor. These rules are tentative rules.

Srijut GAURI KANTA TALUKDAR: In any view of the matter, Sir, we do not see why the scope of our question should be so curtailed and narrowed down. In these circumstances, I beg to request my hon. friend Mr. Kamini Kumar Sen to withdraw his amendments and leave the rule 28

framed by the Rule-making Committee.

Babu KAMINI KUMAR SEN: May I point out, Sir, that the difficulty about which my hon. friend Srijut Gauri Kanta Talukdar has spoken would not really arise because we have provided in the rule scope for discussion on questions. Rule 35 says "No discussion shall be provided in respect of any question or of any answer given to a question provided that on notice given to the Speaker at question time the Speaker may in his discretion allow half an hour after 5 p. m., or after the conclusion of the business of the day whichever is earlier to enable a member to raise a debate on any matter of urgent importance which has been the subject of a question on that day. No division shall be taken on such debate, and such time shall not be available for the transaction of any other business". So we have provided ample scope even for debate on questions which will include requests for action in urgent cases. Moreover, Sir, unless we put in some restriction to the number of questions it will become very large, and it will not be possible to get the answers to all the questions tabled. It is for this also that this restriction is intended to be put in.

Srijut GAURI KANTA TALUKDAR: Mr. Speaker, Sir. A reference has been made to the proviso to rule No.35 by my learned friend hon.

Mr. Sen. Letinolder to the proviso to rule No.35 by my learned friend hon. Mr. Sen. I think, there will be very few occasions for the House to take recourse to that recourse to that proviso. Only on occasions of very urgent public interest, the Hon'ble Specific Contemplated the Hon'ble Speaker is expected to allow such discussions as contemplated by that proviso at the expected to allow such discussions as point is, where by that proviso at the close of the business hours. Now, our point is, whether on an occasion of lesser importance we may be allowed to discuss certain matters by way of course importance we may be allowed to discuss certain matters. tain matters by way of supplementary questions. What my hon, friend says refers to very important to the says where the says were the says where the says which is the says where the says refers to very important urgent matters of public interest. What we are discussing here refers to matter of public interest.

discussing here refers to matters of ordinary interests. Srijut MAHI CHANDRA BORA: Mr. Speaker, Sir. In my opinion sub-rule (9) to Rule 27 the sub-rule (9) to Rule 27 seems to be redundant specially in view of the fact that the subject matter seems to be redundant specially Rule 26(1) wherefact that the subject matter of the question is provided by Rule 26(1) wherein it is stated: 'A question is provided by Rule 26(1) wherein it is stated: 'A question is provided by Rule 26(1) wherein it is stated: in it is stated: A question may be asked for the purpose of obtaining information on a matter of public may be asked for the purpose of the formation on a matter of public concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to whom it is address to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the special cognisance of the member to concern within the concern member to whom it is addressed. I think, Sir, this sub-rule is redundant specially in view of the provision.

specially in view of the provision which has been made in Rule 26(1).

The Hon'ble the SPEANER. The Hon'ble the SPEAKER: Now, I may point out to the hon. mem-that this has been necessary. Now, I may point out to the hon. conformity bers that this has been necessary in order to bring our rules in conformity with the Parliamentary practice. The hon, members with the Parliamentary practices in vogue elsewhere. The hon. members must have seen the way in which in vogue elsewhere. must have seen the way in which the questions are asked in the Mother of Parliaments and in some of the Parliaments and in some of the provincial Legislatures. There is objection to

1938.]

asking Government for disclosing whether they have arrived at any decision on any particular question. The new rule 26(1) says that a question, may be asked for the purpose of obtaining information on a matter of public concern within the special cognisance of the member to whom it is addressed. Now if a question is intended to know the decision of the Cabinet, then that decision must be the decision of the whole Cabinet and in some occasions it may not be possible for the Cabinet to arrive at any decision just when a question is put and to give an answer to that question disclosing what decision they have arrived at. That is the object of this rule. I have seen in some provincial legislatures as for instance in the United Provinces Legislative Assembly that the Speaker has ruthlessly disallowed all questions containing requests for action and that such action of the Speaker has received approbation in the columns of newspapers.

Srijut MAHI CHANDRA BORA*: My contention refers only to the proposed sub-rule (9) to rule 27, because it has been provided that the question shall be asked for the purpose of eliciting information. So it is

pure and simple something.

The Hon'ble the SPEAKER: If sub-rule (7) remains then sub-rule

(9) may be redundant. It appears like that.

Babu KAMINI KUMAR SEN*: I think, the hon. member means some curtailment of our right. We lose more than gain because about half

the number of questions remain unanswered.

The Hon'ble the SPEAKER: I think, the experience of the hon. members is that when question is asked requesting for action no satisfactory reply come from Government because obviously there are difficulties preventing them from giving any satisfactory reply. While preparing an answer to a question Government cannot say what would be their line of action regarding this matter or that matter. Although sub-rule(9) seems redundant in view of sub-rule (7), there is also a point in it. As I pointed out the other day to the beauty of the day to the hon. members, no question intended to know the policy of the Government for certain matter should be asked. So when it is for pure and simple information it is admitted. In course of an answer to a question Government cannot tell its policy which would invariably require a lengthy answer.

Srijut GAURI KANTA TALUKDAR*: Sir, if I ask ' do Government propose to open Botany section for the degree class of the Cotton College 'will that be also rejected?

The Hon'ble the SPEAKER: It of course deserves consideration.

Babu KAMINI KUMAR SEN*: It may be taken for the purpose of eliciting information. Whether Government propose to do something or not that it may not be taken for request for action. I want that information whether tion whether Government propose to do that.

Srijut SARVESWAR BARUA*: I do not think it can be taken as request for action. That will be asked for information as to what is the

state of things.

Khan Bahadur Maulavi SAYIDUR RAHMAN*: If the question be 'will the Hon'ble Minister be pleased to consider such and such matter', then will it be taken as request for action?

Rai Bahadur PROMODE CHANDRA DUTT*: That is also regard-

ing information.

The Hon'ble the SPEAKER: No.

Adjournment

The Assembly then adjourned for lunch till 2 p.m.

After adjournment

The Assembly re-assembled after lunch at 2 p. m.

The Hon'ble the SPEAKER: We were dealing with amendments of Mr. Sen to rule 27. Should I put the amendment to the vote, or will any hon, member speak?

(After a pause)

I am putting the several parts of the amendment separately. The question is that the following sub-rule be added to rule 27:-"(7) It shall not be a request for action ";

The motion was agreed to.

The question is that the following sub-rule be added to rule 27:-"(8) It shall be precisely and definitely expressed".

Rule 32 A (New)

The Hon'ble the SPEAKER: Now, we come to rule 32. Kamini Kumar Sen to move his amendment. Babu

Babu KAMINI KUMAR SEN: I beg to move, Sir, that the following be inserted as a new rule after rule 32:-

The motion was agreed to. Rule 35

The Hon'ble the SPEAKER: Then we come to rule 35. Babu Kamini Kumar Sen to move his amendment.

Babu KAMINI KUMAR SEN: I beg to move, Sir, that in the second line of the proviso to rule 35 for the figure and words "5 p.m." the figure and words '4 p m." be substituted.

I think this is consequential on the amendment we have adopted in

rule 3, by limiting the ordinary sitting hours to 4 p.m.

The Hon'ble the SPEAKER: As this is a consequential amendment

I shall put it at once to the vote.

The question is that in the second line of the proviso to rule 35 for the figure and words " 5 p.m." the figure and words "4 p.m." be substituted.

The motion was agreed to.

Rule 53A

Srijut MAHI CHANDRA BORA: Mr. Speaker, Sir, with your permission I wish to move an amendment to sub-rule (5) of rule 53A.

My amendment is that sub-rule '(5)' of Rule 53A be substituted by the

following :-

"The Secretary of the Select Committee shall be the Secretary of the Department concerned to which the Bill relates, but he will not be considered a member of the Select Committee, and will not be allowed to have the right of voting and submitting a report in the

The Hon'ble the SPEAKER: I think this amendment is redundant, because a Select Committee is formed by the House and those who were not eligible to vote at the time of appointing a Select Committee will egrainly have no the select committee will certainly have no vote in the Select Committee. Here we are only pro-

viding for who should be the Secretary to the Committee.

Srijut MAHI CHANDRA BORA: But, Sir, it should be made precisely clear because there is no rule for our guidance in the matter, and

we have experienced a great deal of difficulty in the Select Committees.

The Hon'ble the SPEAKER: That difficulty must not be experienced beginning regard to the SPEAKER: ed having regard to the fact that he who is not a member of the Committee

appointed by the House will certainly have no vote.

Mr. F. W. HOCKENHULL: Sir, I think the hon. member is confusing a Select Committee of the House with any Committee set up by Government. The two things are not at all the same.

Srijut KRISHNA NATH SARMAH: In some Committees the official

Secretary has exercised the right of voting.

The Hon'ble the SPEAKER: The question is whether those Committees were Select Committees for examining Bills or whether those Committees were formed for other purposes.

Srijat KRISHNA NATH SARMAH: Is there any difference between

an Enquiry Committee and a Select Committee?

The Hon'ble the SPEAKER: Certainly, there is a good deal of difference.

Mr. BAIDYANATH MOOKERJEE: On a point of information, Can a member of a Committee who has get no vote submit a minute of dissent?

The Hon'ble the SPEAKER: Certainly not. A Committee is appointed by the House; any member taken for the purpose of assisting the Committee will not have a vote or power to submit a minute of dissent.

Srijut SARVESWAR BARUA: Then in a Select Committee members belonging to the Government and appointed by Government will not have a

The Hon'ble the SPEAKER: So far as I am concerned, I think, that they should not have a vote,

Mr. BAIDYANATH MOOKERJEE: From my own personal experience, I can say that in some Committees the names of those members who were present in the Committees were not even mentioned in the body of the resolutions on the strength of which such Committees were formed, but they also took part in the discussions and voted also.

The Hon ble the SPEAKER: We are not on that matter yet. When questions will be raised on this question at the proper time I shall give my ruling then; but so far as the question of Select Committees is

concerned, I think, the amendment moved is unnecessary.

Mr. BAIDYANATH MOOKERJEE: We submit to the view of the Hon'ble Speaker, Sir.

Rule 59

Babu KAMINI KUMAR SEN: I beg to move, Sir, that-

(1) In the second line of Rule 59(1) for the words "three clear days" the words "five clear days" be substituted, and

(2) Rule 59(3) be deleted.

This amendment refers to amendment of Bills. The time limit of contract the time. three days is found to be inadequate, and in some other provinces the time limit is much higher.

As regards Rule 59(3) it seems unnecessary, because the amendments are explained to the members who are not proficient in English on the floor of the House. So I do not think it is necessary to have Rule 59(3).

Srijut SARVESWAR BARUA: Sir, I rise to oppose amendment No. (1). This rule has remained as it is for a long time. In the old Council also the time limit for giving notice of amendments was 3 days, and it appears in the present rules and also in the draft rules of the Rulemaking Committee. We have not found it at all difficult for ourselves and so far as I am aware the work has been running smoothly. If the time limit is changed to five days it will curtail our privileges to a great

The Hon'ble the SPEAKER: How does it curtail the privileges of the members?

Srijut SARVESWAR BARUA: We are now required to give three days' notice before a Bill is taken into consideration, but if we are required to give five all our privileges of to give five clear days' notice it will certainly curtail our privileges of sending in amount of the sending in amount of sending in amendments by two days. Therefore, I oppose this amend-

Srijut LAKSHESVAR BOROOAH: Sir, I am sorry that I have to use this amendment of the Borooah. Sir, I am sorry that I have to oppose this amendment No.(1) moved by my friend Babu Kamini Kumar Sen. From our experience (1) moved by my friend our Bills 30 days Sen. From our experience we find that we have to send our Bills 30 days ahead before the sitting to send our quesahead before the sitting of the Assembly; then we have to send our questions before 15 days of the Assembly; then we have to send our questions before 15 days of the Assembly; tions before 15 days of the Assembly; then we have to dea! with other of Assembly; then it happens that we have to dea! with other of Assembly; then it happens that we have to deal with other matters as the House knows that the large majority of the members are not tall their time is fully occupiof the members are not whole-time politicians and their time is fully occupied in various other ways. ed in various other ways. In view of all these considerations the Rule-making Committee has sales and them that the considerations the Rulemaking Committee has retained the limit of three clear days.

In view of all these distributions of three clear days.

In view of all these things, I submit, that I must oppose this amend-

Srijut GAURI KANTA TALUKDAR: In view of what has been I would request the beautiful to amendment No. (1). said I would request the hon. mover to withdraw his amendment No. (1).

Babu KAMINI KUMAD COVER to withdraw his amendment No. (1). Babu KAMINI KUMAR SEN: If it is the sense of the House I shall have no objection to withdraw my amendment.

Then amendment No. (1) was withdrawn with the leave of the House.

The Hon'ble the Spray was withdrawn with the leave of the House. The Hon'ble the SPEAKER: Then I shall put amendment No. (2) that Rule 59(3) be deleted. The motion was agreed to.

Babu KAMINI KUMAR SEN: I beg to move, Sir, that-

(i) In the first line of Rule 66 after the word "resolution" a 'comma' be inserted and the words "except a resolution contemplated by section 65 of the Act' be added thereafter and (ii) after the proviso to the said rule the following be inserted :-

"Such resolution shall relate to a specific matter of urgent public importance of very recent occurrence which shall be made out in the notice

by the member concerned";

The first part refers to ordinary resolutions and the amendment is meant to make an exception with regard to resolutions contemplated by section 65 of the Act. With regard to the second part it seems that there has been some misunderstanding on this point. Some hon, members were telling me that I was trying to restrict the scope of the resolutions. But this is not so. This was intended to provide for short notice resolutions relating to a specific matter of urgent public importance of very recent occurrence. Otherwise there remains no difference between short notice resolutions and ordinary resolutions. Short notice resolutions must be something of urgent public importance and of very recent occurrence, and that is why I have put in that amendment.

The first part of the amendment, i. e., "In the first line of Rule 66 after the word 'resolution' a 'comma' be inserted and the words 'except a resolution contemplated by section 65 of the Act' be added thereafter"

was then put to the House and carried.

Srijut SARVESWAR BARUA: As regards the second portion, I beg to oppose it. While moving this amendment, the hon, member Mr. Sen said that he did so in order to distinguish an ordinary resolution from a short notice resolution. Short notice resolutions have been allowed under the present rules and they were also allowed under the previous Council rules. Under the present rules the only limitation for the admiscouncil rules. Charles the property of the sion of a short notice resolution is the obtaining of the consent of the Minister in charge. When a Minister in charge considers himself unable Minister in charges unable to prepare himself for the consideration of the resolution in a short time, he will certainly raise an objection and the Speaker will be bound to disallow the short notice resolution on that score. That restriction is already there. Apart from that, there was no other restriction. A short notice resolution stood on the same footing as an ordinary resolution with due notice. It has only to be a matter of general public importance at present and also according to the rules of of the last Council. Now the distinction between an ordinary and short notice resolution, as I pointed out, is simply this, in respect of an ordinary resolution the consent of the out, is simply this, in respect to the Minister in charge is not necessary. If it is otherwise admissible, the Speaker will admit it and the Member will move it in due course. In the case of a will admit it and the Member with Minister in charge has got to give his consent or raise his objection. And that is a sufficient safeguard for the interest of the Government in order to enable them to get sufficient time for preparing themselves to meet the resolution. Now, Mr. Sen has put a further restriction which requires the matter of the resolution to be one of urgent public importance and of very recent occurrence. For such matter, we have already got a rule for moving a motion for adjournment of the House. In such matters of urgent importance of recent occurrence we have the right to bring a motion for adjournment of the House and that gives an effective and greater impression on the House as well as on the public. As effective and so the public. As such, when we have got a right to bring such matters in the form of an

adjournment motion, I do not see why we should have the same limitation or restriction put on our right to move an ordinary short notice resolution. Now at present, we can move an ordinary short notice resolution without such a stringent restriction. It can relate to any matter of general public importance. If we accept this amendment we shall seriously curtail our rights in rights in moving ordinary resolutions of general public importance by way of short notice resolutions. He wants to restrict us only to such matters which would be fit subject of an adjournment motion before the House, in order to move it as a short notice resolution. Therefore, I think that such matter of recent occurrence can be moved with greater effect and will create better impression as a motion for adjournment of the House. I do not think it would be proper to restrict our right to move an ordinary short notice resolution in the same way. Therefore, I oppose this proposal for curtailment of the right of the members.

The Hon'ble the SPEAKER: The question is that after the proviso

to Rule 66 the following be inserted: "Such resolution shall relate to a specific matter of urgent public importance of very recent occurrence which shall be made out in the notice by the member concerned".

The amendment was lost.

Rule 66A (New)

Babu KAMINI KUMAR SEN: I beg to move that the following be added as a new rule after Rule 66:-

"66A. A short notice resolution, if admitted by the Speaker with the consent of the Minister in charge, shall be taken up by the House on such day, and at such time as may be fixed by the Speaker with the consent of the Minister concerned".

This amendment is necessary to determine the way in which a short notice resolution is to be actually moved in the House.

The amendment was then put and carried.

Rule 73

Babu KAMINI KUMAR SEN: I beg to move that in the second line of Rule 73 (1) for the words "two clear days" the words "three clear days"

Srijut SARVESWAR BARUA: I would like to oppose this on the same ground on which I opposed the first part of the amendment No. 7. [i. e., amendment to Rule 59(1)].

The amendment was then put and lost.

Rule 79

Srijut MAHI CHANDRA BORA*: Sir, I wish to move an amendment to sub-rule No. (i) of Rule 79. My amendment is as follows:

"Not more than one such motion shall be discussed at the same meeting, the priority of discussion of motions if there be two or more, being left to the discretion of the Speaker".

In support of this amendment I beg to state that some sort of difficulty open experies. has been experienced by this House as regards the number of adjournment motions which the day by this House as regards the number of adjournment My motions which the members are entitled to move in the same sitting. amendment restricts the discussion of adjournment motions to one only. Any number of motions number of motions can be moved in the same sitting, but only the discussion will be confined to will be confined to one sitting.

The Hon'ble the SPEAKER: The hon, member says that more than one motion can be moved. What does the hon, member mean to say by the words "can be moved"? Does he mean that leave may be asked for more than one motion? Is it his intention?

Srijut MAHI CHANDRA BORA: Yes, Sir.

Mr. F. W. HOCKENHULL*: Sir, the point is just this. Assuming that there are two matters of urgent public importance and two members want to move their motions on them on the same day, and the Speaker disallows the second one on the ground that the mover should have moved it on the previous day. Each member may equally feel that it is a matter of urgent public importance and each member thinks that that day is the appropriate and earliest occasion for his moving such a motion. Whether the House will debate both motions on the same day is open to question. But I think, every member should be equally free to move his motion at the earliest occasion after questions on any particular day. The time for debate may be fixed at some subsequent time.

Srijut KRISHNA NATH SARMAH*: We have been allowed, Sir, to

move motions on the same day.

The Hon'ble the SPEAKER: But such motions were for asking for leave. It is not the same thing as moving a motion.

Srijut KRISHNA NATH SARMAH*: My hon. friend Mr. Bora means

only asking for leave.

Srijut SARVESWAR BARUA*: Sir, there was some confusion about this. It was not clear what is meant by the words "be made". The Hon'ble Chief Minister the other day raised this point and it was found to be not very clear. Therefore, in this rule it should be clearly laid down that leave for moving more than one motion may be asked, but that they cannot be discussed.

The Hon'ble the SPEAKER: If the hon, member will look into the Parliamentary Procedure in this respect which is in vogue in the Mother of Parliaments, he will find that an adjournment motion should be moved on the very day on which it is tabled. That is the clear and specific rule there. The reason for that is, that the motion is always in the form-"that this House do adjourn". By that it is meant that the business of the House fixed for that particular day on which the adjournment motion is moved should be adjourned. That is the intention. Therefore, if there be such a rule that several adjournment motions may be tabled on the same day, and if the Speaker holds that all those motions are in order and if the members moving the adjournment motions get the leave of the House, then the hon. members may want that each of the motions should be disposed of one on the very same day on which it is tabled and the others on subsequent days as may be fixed by the Speaker. Perhaps that is the intention of the hon, member. But with regard to that, I should say, although there is nothing fixed in our rules as to the date on which the adjournment motions should be taken up, I think that will be going against the well-known Parliamentary practice which we are all trying to imitate in our Parliaments.

Rai Bahadur PROMODE CHANDRA DUTT: The very motion

shows that.

The Hon'ble the SPEAKER: It shows that particular motion should be disposed of on the same date, although there is no rule in that behalf in our rules. But generally I find that the adjournment motions are disposed of on the very day on which they are moved. There might be one or two rare occasions in which an adjournment motion permitted by the House was

^{*}Speech not corrected

allowed to be moved on a subsequent day. But I think, by having such a rule we shall be going against Parliamentary practice. So the hon. member

should think whether he should press his amendment or not.

Srijut SARVESWAR BARUA*: What would be the case, Sir, if matters of equal importance come up and several members want to give notices for adjournments? There is no procedure for balloting. How can priority be then given?

The Hon'ble the SPEAKER: Priority is given according to the time

of receipt of motions in the Assembly office.

Babu KAMINI KUMAR SEN*: A member might not know that some other motions have been tabled. A member may have to table a motion which is of more urgent importance and that would rather prejudice

the more urgent matter.

The Hon'ble the SPEAKER: That would give rise to a tendency in the members to forestall others, who may be likely to come up with such motions. Such a rule will also place the Speaker in a very awkward position. If it is left to the discretion of the Speaker to decide which is more important and which is less important, then the Speaker would decide in one way. That may give rise to dissatisfaction. So it is better not to leave anything in the discretion of the Chair so far as adjournment motions are concerned. If there are three adjournment motions on the same day and each of them is granted leave, to give the discretion to the Speaker to take up a particular motion would give rise to dissatisfaction. The members think that one motion is a very important motion, but the Speaker may think otherwise. So the hon members should try to avoid such a situation and the rule should be such as would not be capable of giving rise to such a situation.

Mr. F. W. HOCKENHULL*: Sir, the present rule might stand. If there are two motions on the same day, they might both be taken, one earlier and the other later. But there would be no bar for the other member to discuss his motion on the following day, as that would be the earliest possible—occasion it being taken on the same day being precluded by the rules.

The Hon'ble the SPEAKER: As I ruled the other day, it is a well-known Parliamentary practice. If a Speaker thinks that a motion is very urgent and important, then he has got the right to waive the urgency. I may allow his motion to be moved on a subsequent date and not on the very same day. It has been done also in the Central Assembly on several occasions. If a President thinks that a motion is very urgent and that the House wants to discuss a matter of very great public importance, then he says—"you come up on a subsequent date, I waive urgency". The other day I did exactly the same thing.

I waived the urgency and allowed the hon, member to move an adjournment motion on the following day. According to the strict interpretation of the rule this could not be done, but on account of the discretion exercised by

the Speaker, the motion was taken up on the following day.

Srijut MAHI CHANDRA BORA: In view of what has been ex-

pressed by the Hon'ble Speaker, I beg to withdraw my amendment.

Srijut KAMESWAR DAS: I think, Sir, a sub-clause may be added like this. "Leave may be asked for and granted on more than one such motion at the same sitting" and this may come above clause (i).

Rai Bahadur PROMODE CHANDRA DUTT: Even if the House grants leave it can not be discussed. When we know for certain that no discussion can come, then what is the good of wasting the time by moving it?

Srijut KAMESWAR DAS: It requires clarification. It may be that leave may be asked for on more than one motion on the same day and in order to avoid misinterpretation and the necessity of a ruling from the Chair as was done the other day by the Hon'ble Chief Minister this sub-clause should be kept.

The Hon'ble the SPEAKER: When there is no formal amendment we can very well take up other amendments. But in the meantime the hon member may think what amendment he wishes to move and I may give him time. Let us now dispose of the amendments which are on the agenda.

Rule 82

Babu KAMINI KUMAR SEN: Sir, I beg to move that in the sixth line of Rule 82 for the figure and words "4 p. m." the figure and words "3 p. m." be substituted.

This is consequential on the amendment we have accepted on Rule 3. It changed the time from 5 p. m. to 4 p.m. When there is an adjournment motion, the time should be earlier. So it is intended that 3 p. m. should be substituted for 4 p.m.

The Hon'ble the SPEAKER: The motion moved is that in the sixth line of Rule 82, for the figure and words "4 p.m." the figure and words "3 p.m." be substituted.

The motion was agreed to.

Mr. F. W. HOCKENHULL: Sir, I beg to move that in the fifth and sixth lines of Rule 85(2) after the words "not being more than ten days" the following words be added:—
the following than one full day".

I hardly thought that, when I tabled this amendment, an example of the necessity of this would arise on the very day when we are dealing

with it.

I have little to add to what I said this morning. A motion of no-confidence is important not only to the Ministry and the party that supports the Ministry, but to every party in this House. It seems undignified to hasten such a motion within at least 24 hours time of the House. Every body wants to consider the implication of it and I think, it is reasonable to have at least 24 hours notice before the debate commences.

The commutes whatsoever to accept the confine the time to 24 hours and I see no reason whatsoever to accept the

present amendment. The reason that Mr. Hockenhull has given is not convincing. So I oppose this amendment and request the hon. member to withdraw it.

Mr. J. R. CLAYTON: Sir, I rise to support Mr. Hockenhull's motion. It is not the question of the time that will be granted for the discussion which concerns us. The chief point in our wanting this minimum of one day's notice is in order to avoid the element of surprise. Any party which is going to table a no-confidence motion can in their own minds have decided what they are going to do and say and they can formulate their attacks perhaps days ahead. It is only fair that the Ministers should have sometime to collect their facts and figures and to consolidate and justify their position. A motion of no-confidence is a very important matter indeed—the administrative Government in every branch and in every district is involved. To allow less than 24 hours' notice for the consideration of such an important matter is most unreasonable and I strongly support Mr. Hockenhull's amendment on these grounds.

Rai Bahadur PROMODE CHANDRA DUTT: The contention of my hon. friend Mr. Hockenhull is that some time should be given to the persons concerned so that they may have time to make up their But one aspect of the matter seems to have been overlooked by them. Supposing, Sir, we have a rule of that kind and you do not find it possible on account of the course of business to find a convenient date later on. This contingency has not been thought of.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA: Mr. Speaker, Sir, this morning you were pleased to enquire from my Hon'ble colleague, the Minister in charge of Agriculture, what was the intention of the rule makers about giving as many as ten days' time within which a no-confidence motion in a Ministry can be discussed. I had a mind to intervene at that stage, but as I found that such a motion is already in the agenda in the name of my hon. friend Mr. Hockenhull, I did not rise to speak at that stage. The rule framers had made this limitation with the idea not merely of accommodating the business of the House, but also with another idea which, to my mind, should not be lost sight of. Sir, it may be that the opposition is thinking of bringing a no-confidence motion against the Ministry, and may be preparing for a long time. If a Ministry knows by the size of the opposition, the Ministry, instead of having a wrangle on the floor of the House, may themselves think of resigning. The only equitable conduct in such a case is that some little time ought to be given to them. This, Sir, is an aspect which ought to engage the attention of every one. There may be various speakers in a no-confidence motion, where some will attack the Ministry and where some supporters of the Ministry will give a suitable reply. In that case there may be some bitter feeling. In my opinion the framers of this rule have been convinced that there may be given some time to the Ministry to measure their own strength, and resign if necessary before a no-confidence motion is actually discussed.

Babu KAMUNI KUMAR SEN: I am in entire sympathy with the amendment moved by my hon, friend Mr. Hockenhull. I think sometime should be given to the House and as well as to the Hon'ble Ministers to come prepared for the no confidence motions. I think it quite fair, but, as has been pointed out by my hon, friend Rai Bahadur Promode Chandra Dutt, there is some difficulty in our way. Our agenda is mostly covered by Government business. I think, Sir, on the dates fixed for Government

business the Hon'ble Speaker will not be able to accommodate a no-confidence motion. So if a no-confidence motion is tabled at the latter end of the session, it may so happen that there may not be any time for the discussion of a no-confidence motion. It is only fair that all of us should get some time. But at the same time we cannot deny that once a motion for no-confidence is moved the House must have an opportunity to discuss that motion. So I would suggest that a proviso may be added to the amendment that to meet an exigency the Hon'ble the Speaker may relax this rule.

One more point I should like to add. Mr. Hockenhull remarks that one full day should be given. I think this will lead to complication. I think that the word "full" may be omitted because a no-confidence motion may be fixed for discussion after question hour next day if it should require 24 hours' notice. If it is given one full day, actual time may ultimately be in the neighbourhood of 48 hours and not 24 hours. I hope, my friend, the mover of this amendment, will be able to accept my suggestion.

Mr. F. W. HOCKENHULL: I am prepared to accept the suggestion of my hon. friend Mr. Kamini Kumar Sen that the word "full" may be omitted from the amendment, and if it is the feeling of the House that it should be left to the discretion of the Speaker in an emergency this may be done. In the circumstances I think that the proviso may also be accepted.

The Hon'ble the SPEAKER: I may point out to hon. Mr. Hockenhull that some change in the rule may also be required. Because in these ten days "than one full day" is included. So if hon. Mr. Hockenhull moves his amendment he should introduce also some verbal changes in the rule.

Mr. F. W. HOCKENHULL: My point is that if at least 24 hours is allowed that would meet my case.

The Hon'ble the SPEAKER: So I say this inconsistency should e removed.

Mr. F. W. HOCKENHULL: I move—"Not more than ten days and not less than 24 hours from the time on which leave is asked" should be added in the fifth and sixth lines of rule 85(2).

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA*:
It will be that, Sir—the motion will be taken on such day not being less than 24 hours and not more than 10 days from the time on which leave is asked and then the proviso will be like that if the exigencies of business so requires, the Speaker shall have the power to fix the time earlier than 24 hours.

Rai Bahadur PROMODE CHANDRA DUTI*: Instead of saying this, I think, it should be 'the Speaker shall have the discretion to relax the rule'.

the rule'.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA*:
Yes, it should be according to exigencies of business, e.g., the case cited by there be any no-confidence motion tabled on the very last day, then the Speaker shall have the power to relax the rule of at least 24 hours' time.

Speaker shall have the power to relax the Speaker shall have the SPEAKER: I think, the amendment may take this form—in sub-rule (2) of rule 85 after the words 'more than ten days', 'day on' after the words 'from the' the words 'time at' be substituted, and then the proviso be added to the effect that provided if the exigencies of business require, the Speaker shall have power to relax the rule and take up the motion earlier than twenty-four hours. I think this will do.

^{*}Speech not corrected.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA*:

Yes, Sir. That will do:

The Hon'ble the SPEAKER: Then the amendment now takes this form. In line 6 of sub-rule (2) of rule 85 after the words 'more than ten days', the words 'not less than twenty-four hours' be inserted and for the words 'day on', the words 'time at' be substituted and the following proviso be added:-"Provided that if exigencies of business require, the Speaker shall have power to relax the rule and take up the motion earlier than twenty-four hours.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA*: I like to make a submission, Sir. The proviso should come after the words 'as he may appoint', and the words "if there be less than 35 members etc,"

that should come as a separate clause.

The Hon'ble the SPEAKER: Then I think, the consequential change would be that. "If less than 35 members rise, the Speaker shall inform the member that he has not the leave of the Assembly" and this should be added as sub-clause (3). I think the House will agree to it.

All these amendments were then agreed to.

Rule 92

Babu KAMINI KUMAR SEN*: I beg, Sir, to move that the follow.

ing be subsituted for rule 92:-

"92. Notice of a motion to refuse or reduce any demand shall be given to Secretary three clear days before the day on which the demand is under consideration".

The present rule provides inadequate time and so it has been intended

to increase the time limit.

The Hon'ble the SPEAKER: The motion moved is that the follow-

ing be substituted for rule 92:-

"92. Notice of a motion to refuse or reduce any demand shall be given to Secretary three clear days before the day on which the demand is under consideration".

Srijut SARVESWAR BARUA*: Mr. Speaker, Sir. I would like to oppose this amendment also on the same ground as I opposed the other amendments. I would request the member to withdraw his amendment.

Mr. F. W. HOCKENHULL: Sir, this amendment is not in the same category with the motion that was raised early this afternoon. I hope the exigencies of office business will also be considered in connection with this matter. In one case, we get only one motion, but here we may get 200 motions; so two days' notice is quite insufficient. The members ought to receive the secut motions which are being the property of the secut motions which are being the property of the secut motions which are being the secut motion which are being the security of the secution of ought to receive at least the night before those cut motions which are being tabled on the following day.

Srijut SARVESWAR BARUA: Sir, we find that two clear days'

notice is quite sufficient. Three days' notice will be too hard for us.

Maulavi ABDUR RAHMAN: Sir, I rise to oppose this amendment. It is our sad experience in the last Budget session that on many occasions we forgot and could not submit our amendments. I do not think the Assembly office will be inconvenienced to arrange and print the motions in time for circulation to the members if they receive the motions before two clear days.

Again, Sir, the amendment moved by Mr. Sen is tantamount to the curtailment of the discretion of the Chair. From our past experience, we have seen, that on certain occasions we could get permission from the Speaker to move amendments even though due notice was not given. If we make a hard and fast rule this will certainly take away the discretion of the Chair as the Chair would be bound to refuse permission to move those amendments which did not come three clear days before.

The Hon'ble the SPEAKER: Of course, it is for the hon. members to consider whether they will accept the standpoint from which Mr. Hockenhull has spoken. I think hon. Mr. Sen has tabled this amendment with a view to give some relief to the Assembly staff. Hon. members do not know how the Assembly staff works when the Budget comes up for

Any number of motions are tabled, and it is the duty of the staff to arrange them, to bring them into proper form and have them printed in good time for circulation to the hon, members. So if the hon, members want not to curtail their right even with a view to give relief to the Assembly staff the hon. members have of course got that right.

Rai Bahadur PROMODE CHANDRA DUTT: I think, Sir, the

sleeping members must not be allowed more latitude.

Babu KAMINI KUMAR SEN: Sir, I think the old rules were made by the old Council when there was lesser number of members and the number of cut motions was also lesser. But now the number goes up to 200 at times. Unless we curtail some of our rights, we cannot enjoy all the rights. As Mr. Hockenhull has said, we must have at least a night's notice of the cut motions that are being moved the next day. So I think the

members will agree to this amendment.

Srijut GAURI KANTA TALUKDAR: Sir, we do not want to have any privilege for ourselves. We have come for the service of the people any privilege for ourselves. We have come to and we have to find out means how best we can do that. I submit, Sir, and we have to find out means now best to the submit, Sir, that getting lesser period of time for giving amendments does not stand against our individual interest, but it goes against the interest of the against our individual interest, but it goes against our individual interest, but it goes against of the country. On the other hand, if we get any benefit by limiting the time to 2 clear days instead of 3, it means a benefit for them whom we have come

So, we say that two days' notice is quite sufficient and there is no need to extend it by one day more.

tend it by one day more.

The Hon'ble the SPEAKER: The question is that the following be substituted for Rule 92:-

Srijut GAURI KANTA TALUKDAR: Sir, I wholeheartedly

support this amendment

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY: Mr. Speaker, Sir, before we come to any final conclusion regarding this section, i.e., the decision of the Speaker to be final, may I raise a question of vital principle and importance? It is this.

(I) In framing the ules and regulations for the conduct of business of

the Assembly, may I ask, Sir, which constitution do we follow?

(2) What is the procedure and tradition of the British Parliament which is called "the mother of all Parliaments" regarding the position of the Hon'ble Speaker in the House. What I mean to say is this whether the Hon'ble Speaker of the House can be a member of his party within and even outside the House.

Here, Sir, may I quote a few lines from the valuable and authoritative opinions of Professor D. N. Banerjee....

The Hon'ble the SPEAKER: I can understand the object with which the hon. member is making his statement, but I think that does not really come under this rule. After we finish the rules the hon. member may

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY:

is a new section and I must give my opinion on this se tion.

The Hon'ble the SPEAKER: That question is quite irrelevant so far

as this question is concerned.

Hon. members know that so far as Governor's rules are concerned there is a specific rule that in case of interpretation of those rules, the decision of the Governor shall be final. With regard to Assembly rules also, there should be such a rule that in case of interpretation of Assembly rules, the decision of the Speaker shall be final, irrespective of the question that the Speaker belongs to this party or that party. The Speaker must have power to give his decision and it is a well-known Parliamentary principle and it is also the principle of the Constitution that the decision of the Speaker should be final within the walls of the House (Hear, hear). So far as the members of this Honourable House are concerned, they have decided that whatever may be the decision of the Speaker it shall be final in the House. It is on account of this view that it is necessary that such power should vest in the Speaker, who will decide all questions according to his conscience without considering the interests of any party. That has always

^{*}Speech not corrected.

been the convention. Unless the decision of the Speaker be final no business can be done in the House, as there can be no authority to whom appeal from the decision of the Speaker would lie. The hon, member must have read in the papers the ruling of the President of the Central Assembly on the question of the Deputy President leaving his Chair in order to record a vote. The Hon'tle President held that so far as that vote was concerned it was final.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: Will

you kindly allow me to read the statement?

The Hon'ble the SPEAKER: After we have finished the rules—I do

not think it is relevant.

The Hon'ble Maulavi Saiyid Sir MUHAMMAD SAADULLA*: Sir, if I gather his intention aright I think what my friend means is that before he can vote on this new rule that the Speaker should be the final authority in interpreting the rules he would like to know whether the Speaker is a party man inside the House.

The Hon'ble the SPEAKER : Then a simple question can be put without reading any statement. The Speaker is not a party man so long as he is in the Chair. He can never show any partiality for any side in any question coming up before the House. I have said this several times.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: And

outside the House?

The Hon'ble the SPEAKER: He cannot join any party. But so far as my personal conduct is concerned outside the House I guide myself by the principles of the Congress. I have said that also on several occasions.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: So far as taking part in politics is concerned is he a no-party man? Has he

resigned from the party or is he still a Congress man?

Babu KAMINI KUMAR SEN: This has nothing to do with his activities outside the House. The hon, member should confine himself to the amendment.

The Hon'ble the SPEAKER: I think this will satisfy the hon, mem-I am not a member of the Congress Party, nor a member of any executive, nor a member of any Congress Committee.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: If he follows the Constitution fully he must resign his membership of the party otherwise he will be considered to be a party man.

The Hon'ble the SPEAKER: Every man must belong to a community, and I consider the Congress to be a community of people possescommunity, and I consider the same and I belong to that community and so sing a certain kind of political faith and I belong to that community and so sing a certain kind of pointed, sing a certain kind of pointed and so long as I shall occupy this Chair I shall only be a dormant member of that community.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: May I enquire, if he follows the Congress principles, how can he be a no-party

man?

The Hon'ble the SPEAKER: As I have already said I belong to no party, but I follow the Congress principles for my own personal conduct outside the House. If the people say so, let them say so.

Maulavi Dewan MUHAMMAD AHBAB CHAUDHURY*: Are you aware that the Speaker of the Central Assembly has resigned his membership of the Muslim Party?

The Hon'ble the SPEAKER: I do not know. I have not enquired. I shall now put the question. That after rule 117 the following be added as a new rule:—

" Interpretation.

118. If any doubt arises as to the interpretation of any of the provisions of these rules, the decision of the speaker shall be final."

The motion was agreed to.

The Hon'ble the SPEAKER: We have finished all the amendments. I shall put the rules together, to which amendments have been made. The question is that Rules 3, 17, 23B, 27, 32A, 35, 59, 66, 66A, 82, 85, 92 and 118 as amended, or inserted as the case may be do form part of the Rules.

This was agreed to.

The Hon'ble Babu AKSHAY KUMAR DAS: Mr. Speaker, Sir, I beg to move that the Draft Assembly Rules be passed.

The motion was put and agreed to.

The Hon'ble the SPEAKER: Before I go to the next item of business I want to mention one fact in connection with the rules which have

been adopted by this House.

Khan Bahadur Sayidur Rahman raised a point as to when these rules would come into force. I then said that they would come into force after their due publication in the Gazette. Now I think there should be a resolution of this House as to the time from which these rules should come into force.

Mr. F. W. HOCKENHULL*: They should come into force

immediately.

The Hon'ble the SPEAKER: Then they should come into force from to-morrow. But there is one difficulty. The members have not got printed copies of the rules as amended. So I think it would be better to have the rules brought into force some time later. (A voice: From next session.) It may be from the next session, or it may be brought into force even from now. But there is this practical difficulty of our not having printed copies of the amendments.

Mr. F. W. HOCKENHULL: There are only 7 or 8 amendments.

The Hon'ble the SPEAKER: If it is the desire of the House that the rules should come into force now, there should be a resolution from

the House.

The Hon'ble Srijut ROHINI KUMAR CHAUDHURI*: Government will come forward with a resolution as regards the time from which these rules will come into force. I shall ask my colleague to do that.

The Hon'ble the SPEAKER: But what is the effect of this Assembly passing these rules to-day? That is a thing to be considered.

Babu KAMINI KUMAR SEN*: The rules should come into force

imme 'iately, whether the amendments are printed or not.

Srijut KRISHNA NATH SARMAH*: There is no necessity of having any resolution. When the amendments have been passed, the rules should come into force at once.

Maulavi MUHAMMAD MAQBUL HUSSAIN CHAUDHURI*: My humble suggestion, Sir, is that we should wait till the rules as finally adopted are published in the Assam Gazetts.

The Hon'ble the SPEAKER: Unless there be a definite decision of

the House, there will be some difficulty, I think.

Srijut GAURI KANTA TALUKDAR*: I think, Sir, there should be a definite resolution to the effect that the rules will come into force from the next session.

Rai Bahadur PROMODE CHANDRA DUTT*: I move, Sir, that

the rules do take effect immediately.

The Hon'ble the SPEAKER: No question of notice arises. It follows

from the fact that the rules have been passed by the House to-day.

Babu KAMINI KUMAR SEN*: Otherwise, Sir, we will be in an anomalous position. The old rules have already been annulled by the new rules. Unless we pass a resolution like that the position would be anomalous.

Rai Bahadur PROMODE CHANDRA DUTT: However, Sir, I

move that the rules do take effect immediately.

So according to the terms of this section of the Government of India Act, the new rules are now before the House as adopted by the House. So these rules really replace the old rules. But if the House desires to postpone the operation of these rules they may do so.

Babu KAMINI KUMAR SEN*: The House has adopted these rules. The Government of India Act says that, until it is adopted, the old

rules would continue.

Mr. F. W. HOCKENHULL*: I agree, Sir.

The Hon'ble Srijut ROHINI KUMAR CHAUDHURI: We

have no objection, Sir.

The Hon'ble the SPEAKER: I shall put the motion moved by the hon. Rai Bahadur Promode Chandra Dutt, namely that the rules do take effect immediately. The Rules come into force from to-day. I think the House agrees on this point.

The motion was agreed to.

The Hon'ble Srijut ROHINI KUMAR CHAUDHURI*: The question is whether the Assembly office can manage to get the amendments typed and put on the table of each member.

Mr. F. W. HOCKENHULL*: Until such time as the rules are re-

printed, the typed amendments might be inserted in our books.

The Hon'ble the SPEAKER: We shall try to do our best. If we can, we shall certainly supply the typed copies of the amendments accepted by the House.

GOVERNMENT RESOLUTIONS

Resolution that trade and commerce within the province in drugs, medicines, etc., which are among the matters enumerated in the Provincial Legislative List should be regulated in this Province by an Act of the Federal Legislature.

The Hon'ble Rev. J. J. M. NICHOLS-ROY: Mr. Speaker, Sir, I beg to move—

"That this Assembly do resolve that it is desirable that:

(1) trade and commerce within the province in drugs, medicines and biological products,

(2) the production, supply and distribution of drugs, medicines and biological products,

(3) the adulteration of drugs, medicines and biological products,

(4) the fees in respect of the matters mentioned in clauses (1) to (3), (5) inquiries and statistics for the purpose of the matters mentioned in clauses (1) to (4),

(6) offences against laws with respect to the matters mentioned in

clauses (1) to (5), and

(7) jurisdiction and powers of Courts with respect to the matters mentioned in clauses (1) to (6),

which are among the matters enumerated in the Provincial Legislative List, should be regulated in this Province by an Act of the Federal Legislature."

Sir, in 1927, a resolution was moved in the Council of State and that resolution ran like this: "This Council recommends to the Governor General in Council to urge all Provincial Governments to take such steps as may be necessary to control the indiscriminate use of medicinal drugs and to legislate for the standardisation of the preparation and for the sale of such drugs". That resolution was passed by the Council of State.

After that the Government of India appointed a Drugs Enquiry Com-There were four Members in the Committee consisting of mittee in 1930. three Medical men and one non-medical gentleman who happens to be our Hon'ble Colleague Maulavi Abdul Matin Chaudhuri, M.L.A. The Drugs Enquiry Committee finished their work and submitted their Report by the end of 1931. The recommendations were very interesting. In their enquiry they found that there was a great deal of adulteration in drugs in India and they have stated that this adulteration is on account of the demand in the country for cheap medicines. I will quote some of their words. In paragraph 278 of the report they say: "The root cause of the traffic in adulterated drugs is traceable, on ultimate analysis, to the demand for cheap medicines which unscrupulous manufacturers and dealers have not been slow to exploit. In the absence of restrictive laws, a certain class of manufacturers and dealers has been successfully flooding the market with inferior products. The true remedy for this state of affairs lies in the organisation of the drug industry in this country."

In that report they have given about 89 recommendations and among those recommendations is this one that I have mentioned that there shall

be legislation to control drugs in India.

I will now read from paragraph 399 of the report. It says like this. "There should be legislation to control drugs and pharmacy. The control in respect of drugs should be for those included in the British Pharmacopoeia and other known and approved medicinal preparations, whether indigenous or not."

Then in paragraph 400 they say: "Legislation should be central with a view to secure effectiveness and uniformity in control throughout India".

They have also stated in paragraph 491 that this legislation should be uniform. They have said like this: "There is also a large volume of opinion that it is desirable to have uniformity in laws relating to drugs and the profession of pharmacy in force throughout the entire extent of India. view of these considerations, we strongly recommend that legislation to give effect to our proposals may be introduced into the Indian Legislature".

Since then the Government of India wrote to all the provinces in India asking them to legislate in regard to the manufacture, production, sale and distribution of drugs in each province. But none of the provinces has done anything. In the meantime this new constitution under the Government

of India Act, 1935 has come into force according to which the Government of India cannot legislate for the manufacture, sale, production and distribution of drugs inside a province. The Central Legislature can legislate only on the importation of drugs into India from foreign countries. The Government of India did their part and in the year 931 they introduced a Bill to control importation of drugs into India from foreign countries and that Bill was referred to a Select Committee. That Committee gave their opinion that it was not desirable to continue that Bill and they have recommended that the whole question of drugs should be dealt with in the Centra! Legislature as regards the sale, manufacture and distribution of drugs, for the whole of India. The Government of India have written to the different provinces asking them whether the Governments of the different provinces would be agreeable to give their power which has been given to them by the Government of India Act to make laws in regard to drugs inside their province to the Central Legislature and that would be according to section 103 of the Government of India Act which I shall read: "If it appears to the Legislatures of two or more Provinces to be desirable that any of the matters enumerated in the Provincial Legislative List should be regulated in those Provinces by Act of the Federal Legislature, and if resolutions to that effect are passed by all the chambers of those Provincial Legislatures, it shall be lawful for the Federal Legislature to pass an Act for regulating that matter accordingly. But any Act so passed, may as respects any Province to which it applies, be amended or repealed by an Act of the Legislature of that Province". Under this section, if the provinces agree that powers given to them by the Act to legislate on certain matters that they should give that power to the Central Legislature they can do so. The Government of India have written to all the provinces and it appears from the correspondence that we have with us that all the other provinces have agreed to introduce into their Legislatures a resolution to give power to the Central Legislature to legislate for the whole of India in regard to these matters.

Now in Assam, when we got the letter of the Government of India, we considered the question that it would be advisable for us to agree to this proposal. For we do not have factories in Assam to manufacture drugs. Moreover, it will be very expensive for us to have a laboratory here in Assam to examine the drugs that we are getting from Bengal. We are far away from the centre of manufacture and the centre of trade of these drugs is in Bengal. We have to deal with Bengal all the time. So, any legislation passed in Assam will hardly be operative in Bengal. In view of this, Sir, we and the other provinces also have agreed that we should move resolutions in both House of Legislature and have them passed. Then the Central Government can bring forward a Bill in the Indian Assembly

and that Bill will, I think, be sent to the provinces for opinions.

In view of this we place this very same resolution which was sent to us by the Government of India. The Upper House, Sir, has passed this resolution without a dissenting voice, and I am sure this Lower House also will have no objection at all. It will be beneficial for us in every respect. Moreover, Sir, even if an Act has been passed by the Central Legislature, and if we find that any section of the Act is not conducive to the good of our province, our Legislature can amend or repeal that Act. If it should happen that that Act, when passed, is against the interest of Assam, then this Legislature can repeal that Act or amend it to suit itself. So we lose nothing by passing this resolution in this House and thus giving power to the Central Legislature to legislate in regard to the control of the manufacture, sale and distribution of drugs inside a province. Therefore, Sir, I move this resolution before this House.

The Hon'ble the SPEAKER—The resolution moved is—
"That this Assembly-do resolve that it is desirable that:

(1) trade and commerce within the province in drugs, medicines and biological products,

(2) the production, supply and distribution of drugs, medicines and biological products,

(3) the adulteration of drugs, medicines and biological products,

(4) the fees in respect of the matters mentioned in clauses (1) to (3),
(5) inquiries and statistics for the purpose of the matters mentioned in clauses (1) to (4),

(6) offences against laws with respect to the matters mentioned in clauses (1) to (5), and

(7) jurisdiction and powers of Courts with respect to the matters mentioned in clauses (1) to (6),

which are among the matters enumerated in the Provincial Legislative List, should be regulated in this Province by an Act of the Federal Legislature."

Srijut MAHI CHANDRA BORA: My question, Sir, is whether the Federal Legislature is in existence at present. If it is not, what is the necessity of passing this resolution at this stage?

The Hon'ble the SPEAKER: The hon, member will look into the Government of India Act. There he will find that there is some provision for the transitional period. Although Federation has not come, certain provisions of the Government of India Act, 1935 are made applicable so far as the Central Legislature is concerned.

Rai Bahadur PROMODE CHANDRA DUTT: If the Central Legislature wants to legislate they should have uniformity of laws in these matters. The resolution was then put and it was agreed to.

Resolution re: statistics of employment, etc., which is a matter enumerated in the Provincial Legislative List, should be regulated in this Province by an Act of the Federal Legislature

The Hon'ble Maulavi MUNAWWAR ALI*: Mr. Speaker, Sir, I beg

"That this Assembly do resolve that it is desirable that the following matters, being matters enumerated in the Provincial Legislative List, should be regulated in this Province by an Act of the Federal Legislature, namely—

(1) statistics of employment, (2) offences against, and the jurisdiction and powers of Courts with

Sir, practically this resolution is a vesting resolution, that is to say it aims at vesting in the Central Legislature the powers that the Provincial Legislature possesses. Hon. members by reference to the Federal Legislative List and the Provincial Legislative List will find that the subject matter of resolution is missing from the Federal Legislative List. At page 306 of the Constitution Act the hon. members will find item No. 38 which is to this effect: "Inquiries and statistics for the purpose of any of the matters in this list". Then hon. members will find item No. 46 which runs thus: "Taxes on professions, trades, callings and employments". These subjects are chiefly within the purview of the Provincial Legislative List. If hon. members will also refer to item No. 43 of the Federal Legislative List they will find it runs thus: "Inquiries and statistics for the purposes of any of the matters in this list". Thus we find that item No. 43 of the Federal Legislative List legislative List is identical with item No. 38 of the Provincial Legislative List.

^{*} Speech not corrected,

So it may be asked — what was the necessity of moving a resolution like this in order to enable the Federal Legislature to pass an Act as it is pro-But by reference to item 46 of List No.II hon. members will see that it is missing from the Legislative List No. I. Of the two items

Nos. 38 and 46, one is available in List No 1, but the other is not.

Now by reference to section 103 of the Constitution Act hon. members will find as my Hon'ble Colleague has just now stated—"If it appears to the Legislatures of two or more Provinces to be desirable that any of the matters enumerated in the Provincial Legislative List should be regulated in those Provinces by Act of the Federal Legislature, and if resolutions to that effect are passed by all the Chambers of those Provincial Legislatures, it shall be lawful for the Federal Legislature to pass an Act for regulating that matter accordingly". Now one question may be asked whether two or more Provincial Legislatures have agreed to pass a resolution like this in both Houses? For the information of the hon, members of this House I would say that all the eleven provinces including ourselves have agreed to such a procedure. Now some of the hon, members may think that it will be yielding too much our legislative power to the Federal Legislature, and in order to dispel that doubt I shall read the subsequent lines: "but any Act so passed may, as respect any Province to which it applies, be amended or repealed by an Act of the Legislature of that Province". Now if we are surrendering our power to the Federal Legislature that is not a servile surrender. If we find that that Act of the Federal Legislature does not work here on if it work here or if it works against the interest of the province, we can either amend or repeal that Act by an Act passed by this Legislature at our

Sir, the question of employment itself is very important indeed. It is essential that the capacity of the province must be gauzed in that respect. We must find out to what extent the province can provide employment for her children. Sir, we are producing educated youths almost blindfold from day to day, year to year and decade to decade without knowing the requirement of the province and it is for this reason that we are faced with this question of unemployment. So the urgency of a legislation like this is imperative. We should cut our coat according to the cloth. We must first measure the extent to which we can give employment to our people and control the production of educated people accordingly. Sir, it is very good to have a legislation like this. The statistics can be easily and suitably collected by this Government. As the hon, members are aware this question has been very enthusiastically tackled in Bihar. The Bihar Government have started, as hon. members are aware, an unemployment bureau. started, as hon. members are statistics of employment from various organisations and bureau wanted statistics of employment from various organisations and departments in the province and they met with insurmountable difficulty
